

**Batavia Downtown Revitalization Initiative**

# Non-construction Projects Request for Information

**REQUEST FOR INFORMATION (RFI)**

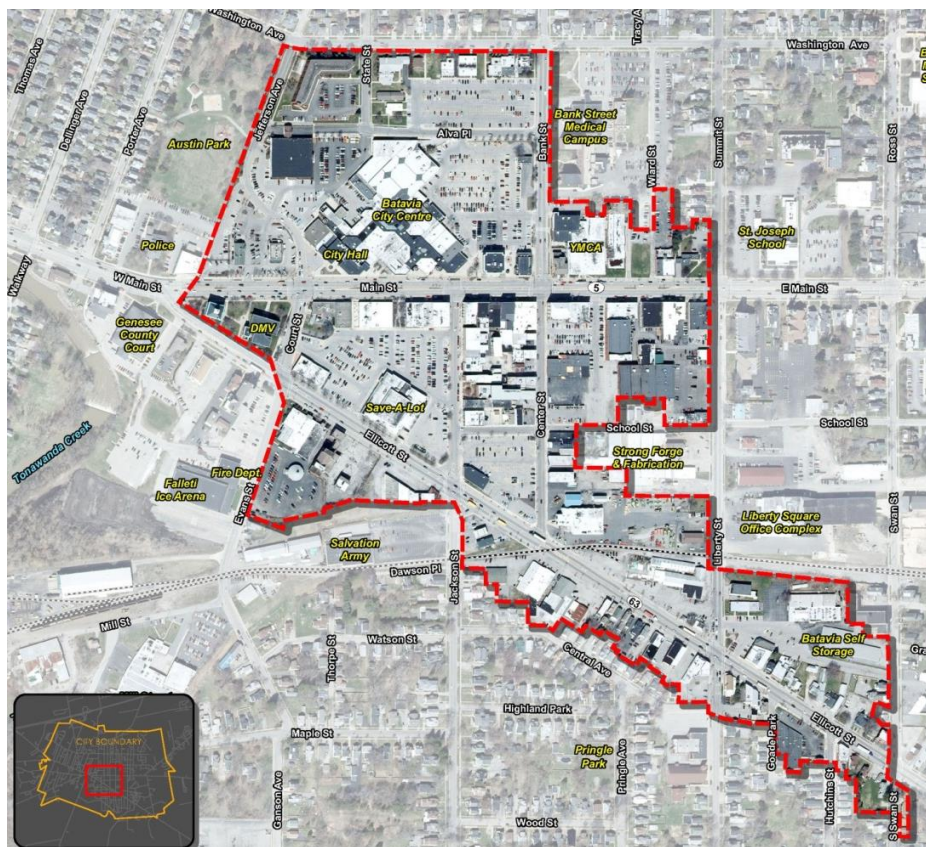

The City of Batavia is the recipient of a \$10 million investment through Governor Cuomo’s 2017 Downtown Revitalization Initiative (DRI) program. The DRI program will be a comprehensive approach to boost Batavia’s economy by transforming the downtown into a vibrant neighborhood where the next generation will want to live, work and raise a family. A key component of the DRI program is to advance strategic private and public investments that will provide catalytic impacts to facilitate downtown revitalization.

The purpose of this Request for Information, therefore, is to identify potential projects that can provide economic and community development benefits. Projects will be vetted by the DRI Local Planning Committee (LPC) at meetings open to the public. Projects should be implemented in five years or less and be located within the DRI boundary.

The LPC Committee understands the time period to provide information is short. Consequently provide as much information as you have by the due date.

The City will host a meeting on November 28, 2017 to review the RFI and answer questions. RFI submissions are due on December 18, 2017 before 4:30 p.m.. Please submit the form and attachments electronically (preferred) to [eflynn@labellapc.com](mailto:eflynn@labellapc.com) or deliver to City Hall, Manager’s Office, One Batavia City Centre, Batavia, NY, 14020.
