Others present: Meg Chilano – Clerk

I. Roll Call

Roll call of the members was conducted. Five members were present and Chairman McCarthy declared a quorum.

II. Call to Order

Mr. McCarthy called the meeting to order at 5:55 pm.

III. Pledge of Allegiance

IV. Approval of Minutes

MOTION: Mr. McCarthy moved to approve the minutes as written; the motion was seconded by Mr. Harris, and on roll call, was approved 4-0-1.

Votes in favor: 4 (Nick Harris, Deborah Kerr-Rosenbeck, Paul McCarthy, Jim Russell)

Votes opposed: 0

Votes abstained: 1 (Bill Cox)

RESULT: Approval of December 15, 2016 minutes.

V. Zoning Board of Appeals statement

Mr. McCarthy explained the role of the Zoning Board of Appeals and the procedures it follows.

VI. Variance Requests

- A. Area Variance: Placement of a 21' round above ground swimming pool with deck in the southeast side yard on this corner lot parcel

Address: 23 Roosevelt Ave.

Applicant: David Culver, owner

- Actions:
1. Review application
 2. Public hearing and discussion
 3. Action by the board

1. Review Application

Acting Vice Chair Ms. Kerr-Rosenbeck read the summary of the proposal. Mr. McCarthy verified with the clerk that the Genesee County Planning Board recommended approval.

2. Public Hearing and Discussion

MOTION: Mr. McCarthy moved to open the public hearing; the motion was seconded by Mr. Cox, and on roll call, was approved 5-0.

RESULT: Public hearing opened at 6:04 pm.

Mr. Culver's property is located on a corner. He explained that he owns two city lots that have been joined together and he wants to locate the pool in the center.

MOTION: Mr. McCarthy moved to close the public hearing; the motion was seconded by Mr. Cox, and on roll call, was approved 5-0.

RESULT: Public hearing closed at 6:12 pm.

Mr. McCarthy went through the list of supporting criteria for the variance:

- Undesirable change in neighborhood character: no
- Alternative cure sought: no other place to put the pool on a corner lot
- Substantiality: not substantial
- Adverse effect or impact on neighborhood/community: no
- Self-created: no, it's a corner property

3. Action by the Board

MOTION: Mr. McCarthy moved to approve the variance with 60 days to obtain the permit. The motion was seconded by Ms. Kerr-Rosenbeck, and on roll call, was approved 5-0.

RESULT: Approval of Area Variance.

B. Area Variance: Installation of a parking lot in the front yard of this church property

Address: 238 Vine St.

Applicant: Robert Greathouse, Trustee for Grace Baptist Church

Actions: 1. Review application
2. Public hearing and discussion
3. SEQR
4. Action by the board

1. Review Application

Ms. Kerr-Rosenbeck read the summary of the proposal. Mr. McCarthy reported that the PDC recommended approval. Mr. McCarthy verified with the clerk that the Genesee County Planning Board recommended approval.

2. Public Hearing and Discussion

MOTION: Mr. McCarthy moved to open the public hearing; the motion was seconded by Mr. Cox, and on roll call, was approved 5-0.

RESULT: Public hearing opened at 6:25 pm.

Mr. Greathouse explained that the church had expanded the parking in the rear as far as it could. The church continued to grow so it applied and was approved for an area variance to install this parking lot in the front in 2015. Shortly after that time, the church was approached by the owners of an adjacent property, which the church ultimately purchased. The church allowed the permit to expire while arrangements were made for the disposal of the house that had been purchased. The house underwent demolition and asbestos abatement was necessary. The church is now prepared to resume and complete the parking lot project.

Mr. Russell asked the reason why the parking cannot be extended any farther in the back.

Mr. Greathouse replied that the area is a wetland.

Ms. Kerr-Rosenbeck asked if there were any calls or email concerning the proposal and the clerk answered there were none.

MOTION: Mr. McCarthy moved to close the public hearing; the motion was seconded by Mr. Harris, and on roll call, was approved 5-0.

RESULT: Public hearing closed at 6:30 pm.

Mr. McCarthy stated that he would not be voting because he is the engineer for the project.

Mr. Cox asked about the average attendance on Sunday. Mr. Greathouse answered that there are approximately 375-400 attendees.

Mr. Cox asked about the amount of parking currently. Mr. Greathouse responded that there are about 150 spaces. The new parking lot will create about 50 new spaces, which will eliminate the approximately 20 cars that park on the street now. Mr. Greathouse noted that there is generally more than one person in a car.

Mr. McCarthy went through the list of supporting criteria for the variance:

- Undesirable change in neighborhood character: no, it will improve the situation
- Alternative cure sought: can't, with the wetlands in the back
- Substantiality: pretty substantial
- Adverse effect or impact on neighborhood/community: no
- Self-created: the attendance is increasing

3. SEQR

Mr. McCarthy asked if the board had reviewed part one of the SEQR application and they indicated they had. The board went through the questions for part two.

MOTION: Mr. Cox moved to approve a negative declaration of SEQR; the motion was seconded by Ms. Kerr-Rosenbeck, and on roll call, was approved 4-0.

RESULT: Negative declaration of SEQR

4. Action by the Board

MOTION: Mr. Russell moved to approve the variance, with 60 days to obtain the permit. The motion was seconded by Mr. Cox, and on roll call, was approved 4-0.

RESULT: Approval of Area Variance.

VII. New Business: none

VIII. Setting of Next Meeting: February 27, 2017

IX. Adjournment

Mr. McCarthy moved to adjourn the meeting at 6:37 pm; Mr. Russell seconded. All voted in favor.

Re: 119 Swan St.
Tax Parcel No. 84.074-2-39

Zoning Use District: R-2

The applicant, Robert Ziminski (owner), has applied for a permit to add a second driveway on the south side of this parcel. The proposed new stone driveway is to be 10' wide and 60' in length.

Note: This is a type II action as defined by Environmental Conservation Law and is not subject to review under SEQR 6 NYCRR Part 617.5 (c) (13).

Review and Approval Procedures:

County Planning Board- Pursuant to General Municipal Law 239 m, referral to the County Planning Board is required since the property is within 500 feet of the **right of way of a state road or highway.**

City Planning and Development Committee- Pursuant to section 190-49 C. of the zoning ordinance, the Planning and Development Committee shall review and make recommendations to the ZBA for applications that include parking variances.

Zoning Board of Appeals- Pursuant to BMC Sec. 190-49 of the zoning ordinance, the ZBA shall review and act on required variances.

Required variances- Area

BMC Sec. 190-39 E (1) The width of driveways shall not exceed 25% of the lot frontage.

	Permitted	Proposed	Difference
Driveway width	12.37' (25%)	21.2' (43%)	8.83' (18%)

Description	Addition of a second driveway on the south side of the parcel. The proposed new stone driveway will be 10' wide and 60' in length.

PLANNING & DEVELOPMENT COMMITTEE RECOMMENDATION

Disapproval:

Precedent – in the past the PDC has recommended disapproval of a second driveway if there is room in the rear of the property for additional parking.

Despite the inconvenience, there is room on the property to relocate the current driveway

It is important to preserve the character of the City's street fronts; a second driveway would have a negative impact on the character of the neighborhood

PLANNING BOARD DECISION

DISAPPROVAL

EXPLANATION:

The variance is substantial and may affect the character of the neighborhood as neighboring properties do not have two driveways. In addition, the driveway location could negatively impact and may result in the removal of a street tree. The applicant has the option of parking in the rear yard as do neighboring properties.

Provision(s) of the Zoning Ordinance Appealed: BMC 190-39 (1) driveway in back dist. shall not exceed 25% of lot frontage

Criteria to Support Area Variance

In making its determination, the zoning Board of Appeals shall take into consideration the benefit to the applicant if the variance is granted, as weighed against the detriment to the health, safety, moral, aesthetics and welfare of the neighborhood or community. The Zoning Board of Appeals shall consider the following test, as per §81-b of the General City Law when making its determination:

Explain how the proposal conforms to EACH of the following requirements:

1. **Undesirable Change in neighborhood Character.** The granting of the variance will not produce an undesirable change in the neighborhood or a detriment to nearby properties.

NO. The adjoining Property Has a drive way next to the one I want. Go add. Also across the street is 2 drive ways Right next to each other.

2. **Alternative Cure Sought.** There are no other means feasible for the applicant to pursue that would result in the difficulty being avoided or remedied, other than the granting of the area variance. NO. There is not enough space for parking and we are not allowed to park on street after coffee time. Its a 2 family house.

3. **Substantiality.** The requested area variance is not substantial. It is substantial and there is ample room for one. Its a 2 family House

4. **Adverse Effect or Impact.** The requested variance will not have an adverse effect or impact on the physical or environmental condition in the neighborhood or community.

No. There is none at all

5. **Not Self-Created.** The alleged difficulty existed at the time of the enactment of the provision or was created by natural force or governmental action, and was not the result of any action by the owner or the predecessors in title. NO IT WAS NOT.

Re: 115 Washington Ave.
Tax Parcel No. 84.041-1-25

Zoning Use District: R-3

The applicant, Robert Gerace (Real Estate Agent) for owner (Dr. Sadegh Danesh), has filed two applications to change the present uses of this existing mixed used building located within the R-3 (Residential) use district.

The first floor use would change from a physician's office to an Attorney's Office with the issuance of a required Special Use Permit.

The second floor use would change from a permitted use single dwelling unit to a Land Surveyor's Office with authorization of a zoning use variance.

Review and Approval Procedures:

City Planning and Development Committee-

Special Use Permit:

Pursuant to section 190-37 of the zoning ordinance, the Planning and Development Committee may authorize Special Use Permits.

BMC 190-10 C (2) Offices for attorneys, physicians and/or dentists, not exceeding four offices in a single building are permitted uses in the R-3 use district with the issuance of a Special Use Permit.

The following standards serve as a guide for the purpose of reviewing special use applications;
BMC 190-37 B (1-8) and 190-37 K (1-14).

Use variance:

Pursuant to section 190-49 C. of the zoning ordinance, applications for variances that include non-permitted uses shall be referred to the PDC for recommendation to the ZBA.

BMC 190-10 The use of Land Surveyor's Office is not an approved use within the R-3 (Residential) use district.

Zoning Board of Appeals- Pursuant to BMC Sec. 190-49 of the zoning ordinance, the ZBA shall review and act on required variances.

Required variances- Use

BMC Sec. 190-10 The use of Land Surveyor's Office is not an approved use within the R-3 (Residential) use district.

The ZBA will be the lead agency to conduct SEQR.

9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?		

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?		

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Use Variance Application **Statement of Unnecessary Hardship**

In order for the Zoning Board of Appeals to grant a use variance, an applicant must show documentation in the record that the restrictions of the Zoning Ordinance has caused unnecessary hardship. In order to prove such unnecessary hardship the applicant shall demonstrate to the Zoning Board of Appeals that for each and every permitted use under the Zoning Ordinance for the particular district where the property is located, that all four (4) requirements as per §81-b of the General City Law have been proven. Additional documentation may be included. If any one of these requirements have not been proven, the Zoning Board of Appeals must deny the variance, as per §81-b of the General City Law.

Explain **how** the request conforms to EACH of the following requirements (additional pages may be attached):

1. **Reasonable Return.** The subject property is not capable of yielding a reasonable rate of return if used for its present use or developed, redeveloped or used for any other use permitted in the district in which such property is located. There is no means other than the granting of the variance by which the property can yield a reasonable return. Such inability to yield a reasonable return must be shown by specific fact (dollars and cents) from an expert or authority in economic deprivation, not the unsupported opinion of the owner or those appearing for the owner.

“The applicant cannot realize a reasonable return, provided that lack of return is substantial as demonstrated by competent financial evidence”

The proposed use of the building is for (2) owner occupied office spaces. There will be no income produced from them.

(Please provide / attach competent financial evidence)

2. **Unique Hardship.** The inability to yield a reasonable return results from a unique circumstance peculiar to the subject property which does not apply to or affect other properties in the immediate vicinity that are subject to the same regulations. The personal situation of the owner shall not be considered unique.

“The alleged hardship relating to the property in question is unique, and does not apply to a substantial portion of the district or neighborhood”

A surveyors office is not listed as a permitted use. Why? This is for an office of attorney/surveyor with less foot traffic than it would be if it were (2) doctors offices being used on the property at the same time.

3. **Essential Character of the Neighborhood.** The granting of the variance will not be materially detrimental to the public health, safety, and welfare or injurious to the enjoyment, use or development of neighboring properties or the community. Applicant must demonstrate that the proposed use will not change the essential character of the neighborhood with regard to such physical and environmental elements such as parking, traffic, signage, landscape, architectural and structural features, location and dimensions of buildings, any by-products of proposed use such as noise or smoke, and any other impacts upon adjacent or neighboring lands.

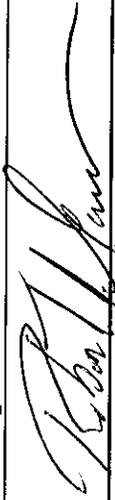

“The requested use variance, if granted, will not alter the essential character of the neighborhood”

The requested use as an attorneys office and 2nd floor surveyors office will have no impact on the neighborhood as to additional foot traffic or parking issues. The property has approximately 6 parking spaces there is also on street parking available. There are presently many other office spaces and doctors/dentists/attorneys offices in the area.

4. **Not Self-Created.** The inability to yield a reasonable return is not the result of any action by the owner or predecessors in title. The applicant must show that when the property was purchased the zoning restrictions from which a use variance is now sought were not in existence or that some other change or factor has occurred that has resulted in an inability to yield a reasonable return. Otherwise, the hardship is self-created.

“The alleged hardship has not been self-created”

The proposed use of the building is in line with permitted uses. -As like kind-etc. Our claim to this is that the current code 190-10 (R3) needs to be amended to allow more discretion as to what permitted uses should be allowed so not to inhibit reasonable use for office space doctors/dentists, etc. Thank you.

(1) RealAVM™ is a CoreLogic® derived value and should not be used in lieu of an appraisal.
 (2) The Confidence Score is a measure of the extent to which sales data, property information, and comparable sales support the property valuation analysis process. The confidence score range is 60 - 100. Clear and consistent quality and quantity of data drive higher confidence scores while lower confidence scores indicate diversity in data, lower quality and quantity of data, and/or limited similarity of the subject property to comparable sales.
 (3) The FSD denotes confidence in an AVM estimate and uses a consistent scale and meaning to generate a standardized confidence metric. The FSD is a statistic that measures the likely range or dispersion an AVM estimate will fall within, based on the consistency of the information available to the AVM at the time of estimation. The FSD can be used to create confidence that the true value has a statistical degree of certainty.

TYPE OF APPEAL: Area Variance Use Variance Interpretation Decision of Planning Committee
FEE: \$50 (One or Two Family Use) \$100 (All other Uses)

Provision(s) of the Zoning Ordinance Appealed: BMC 190-29 A. and Schedule 1
The minimum rear yard clear space is required to be 35'.

Criteria to Support Area Variance

In making its determination, the zoning Board of Appeals shall take into consideration the benefit to the applicant if the variance is granted, as weighed against the detriment to the health, safety, moral, aesthetics and welfare of the neighborhood or community. The Zoning Board of Appeals shall consider the following test, as per §81-b of the General City Law when making its determination:

Explain how the proposal conforms to EACH of the following requirements:

1. **Undesirable Change in neighborhood Character.** The granting of the variance will not produce an undesirable change in the neighborhood or a detriment to nearby properties.
the covered area will not affect any adjacent properties.
2. **Alternative Cure Sought.** There are no other means feasible for the applicant to pursue that would result in the difficulty being avoided or remedied, other than the granting of the area variance.
There is no way to build a covered area that will fit with in the setbacks.
3. **Substantiality.** The requested area variance is not substantial.
It is not a large size and is centered in our back yard.
4. **Adverse Effect or Impact.** The requested variance will not have an adverse effect or impact on the physical or environmental condition in the neighborhood or community.
there will be no effect on the neighborhood or community.
5. **Not Self-Created.** The alleged difficulty existed at the time of the enactment of the provision or was created by natural force or governmental action, and was not the result of any action by the owner or the predecessors in title.
the corner that will not meet the setback is created by the shape of the property.
