INTRODUCTORY INFORMATION

GFOA Distinguished Budget Award

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

City of Batavia

New York

For the Fiscal Year Beginning

April 1, 2018

Christopher P. Morill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award for Distinguished Budget Presentation to the City of Batavia for its annual budget for the fiscal year beginning April 1, 2018.

In order to receive the award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operation guide as a financial plan, and as a communication device. The award is valid for a period of one year only. We believe our budget document will continue to conform to program requirements, and we are submitting the proposed budget to GFOA to determine its eligibility for another award.

Vision, Mission and Guiding Principles

Vision

We consider our community to include its citizens, its business owners and employees and all those with whom we interact.

- We will continuously build upon our rich entrepreneurial history providing an infrastructure and support for businesses of all types to grow and flourish.
- We will lead and facilitate collaborative partnerships that support and enhance our vision and mission.
- We will encourage and provide opportunities for the physical, mental, emotional and cultural learning and enrichment for all community members at every life stage.
- Our community members will be actively involved in the decisions we make and active in bringing our plans to life.
- Our thriving downtown will serve as a focal point, bringing community members together to engage in numerous and diverse activities.
- Our community members will enjoy the feeling of safety as they live, work and interact in our City.
- Our children, at all ages, will have choices to grow, learn, live, play and work in our community.
- We will continuously promote a healthy and active lifestyle for all individuals in ways that bring our community together.
- We will be careful stewards of our environment recognizing its limited resources and continuously striving towards sustainability.
- We will proactively consider our financial picture and how we might best use our finances to help us achieve our mission.
- Our City will serve as a model for other small cities in its approach to an overall positive quality of life for all its community members.

Mission

Our mission is to create and sustain a vibrant, affordable, safe community where people choose to live and work and where, through a supportive environment, businesses continually flourish.

Guiding Principles

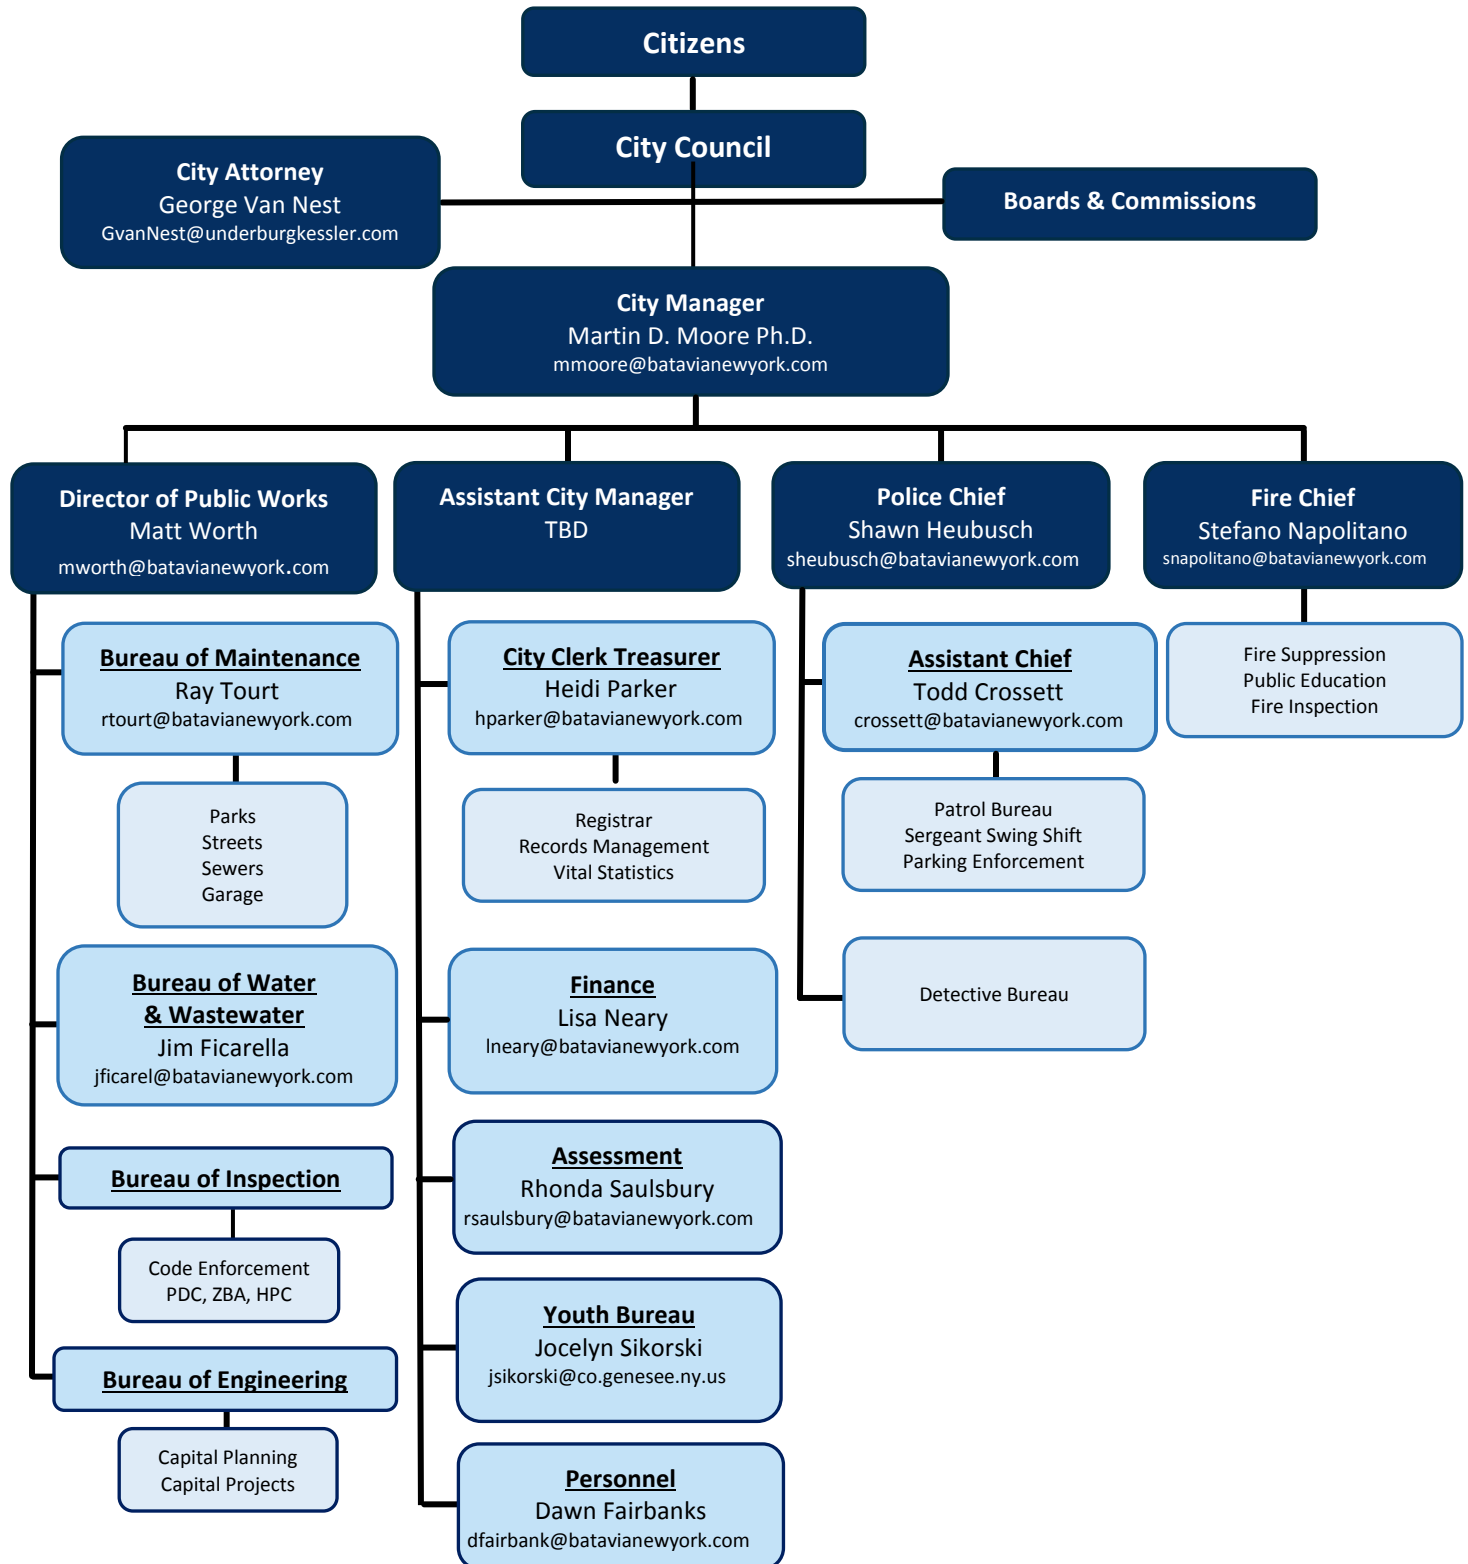

The City of Batavia expects and encourages its leaders and employees to be guided by the following principles:

- Balance short-term needs with long-term vision for what is in the best interests of residents.
- Commit to making Batavia the best place in New York State to live and work, and to leave a legacy of a better quality of life in Batavia for our children.
- Focus on continuous improvement in meeting the needs of our customers.
- Take well-reasoned risks in deciding how best to deliver high quality, cost effective services.
- Encourage sustainable growth through innovative and cooperative economic development.
- Believe that the best decisions are made through teamwork and mutual respect among Council, staff and citizenry.
- Be accountable and responsive to citizens.
- Act with the highest standards of professionalism, with unwavering integrity and ethics.

Adherence to these principles will:

- ✓ Create an atmosphere in which citizens feel safe, secure and confident in City governmental operations.
- ✓ Promote a positive public image.
- ✓ Provide for procedural controls over City resources.
- ✓ Provide information to support decisions.

BUDGET MESSAGE

Enclosed is a balanced budget with no property tax increase for operations. This allows the City Council significant latitude under the tax cap to consider major capital project needs, and sends a strong message that the City is focused on keeping operating costs down, providing quality service, improving existing businesses, and attracting new economic partners. On a cautionary note, we will continue to keep an eye on sales tax revenue trends.

The vision developed by the City Council directs us to “proactively consider our financial picture and how we will best use our finances to help us achieve our mission.” We remain focused on that vision and are grateful that past conservative budgeting and citizen commitment has allowed us to cover operational costs and focus on growth.

We remain “all in” with the goal to grow the City’s economic base. We add to that goal **improving service excellence**.

A Foundational Goal - \$100 Million I’m All In!

Our FY19/20 budget continues to build on the foundational goal established in 2017 to achieve \$100 million in new investments for the City of Batavia by 2022. We are already seeing success, but keeping this momentum requires us to maintain focus on the Downtown Revitalization Initiative (DRI), and other worthwhile economic growth improvement opportunities. It will also require investment in upgraded facilities and systems, working with partners on neighborhood re-investment programs, and facilitating collaborative projects that provide positive quality of life and financial impacts.

Currently, the City has made significant progress towards the \$100 million goal. As of December 31, 2018, the City’s “I’m All In!” Scoreboard reveals over **\$15.5 million** in completed investments, **\$21.7 million** in-progress, and another **\$79.9 million** planned by 2022 (see page 22). In total, we have just over **\$117 million** on the horizon for funding and completion by 2022, with more still to come. These accomplishments speak volumes to Batavia’s combined public and private efforts. We look forward to additional success as all of us make the completion of **\$100 Million I’m All In!** a reality.

A Foundational Goal – Improving Service Excellence!

Our FY20 budget focuses on strengthening our most important resource, the Human Resource! Service excellence implies that appropriate incentives and management direction are in place to foster a service excellence environment. Fairness and equity in pay, a can do attitude, and providing employees the resources to do their jobs are all important components. Others include a willingness to follow rules, go the extra mile, be responsive to the public’s needs, and fostering a team environment where what is best for the City, its residents and visitors stands front and center. Expect a spotlight to be shined on examples of service excellence throughout the year!

Preparing ourselves to replace a number of outstanding employees as they plan to retire in the near future is also critical for maintaining and building on service excellence. Therefore, priorities in FY20 will include succession planning to prepare internal staff for larger roles, and where needed, identify compensation levels needed to attract new talent to the City.

BUDGET HISTORY AND PROJECTIONS

REVENUES

General Fund. For the eighth consecutive year, and since its existence, the proposed City Budget for FY20 remains in compliance with the State of New York Tax Cap. Due to conservative and strategic budgeting in prior years, and growth in the City's commercial tax base, I am proposing no property tax rate increase for operations in FY20. This leaves the rate flat at \$8.96 per \$1,000 of taxable assessed value. At current assessed values, the general fund tax levy will increase by \$1,660 to support existing service levels and balance the budget. This tax levy increase is due to a \$1,782,367 increase in taxable assessed value.

---The graphs used for General Fund Revenues and Expenses show actual expenses for FY16, FY17, and FY18, reflects the adopted budget figures for FY19, and reflects the proposed budget figures for FY20.

General Fund Revenues. The General Fund revenues include sales and other use taxes, real property tax, Federal and State sources, and other revenues. ***The property tax remains the most stable source of revenue in our community.*** As mentioned in the budget message, other revenue sources, such as sales tax, are subject to the uncertainty of economic conditions.

Property Tax Rates

Property Tax Rate Comparisons. The property tax rate proposed for the City of Batavia for FY20 is \$8.96 per \$1,000 assessed value, which is the same as the FY19 rate. When compared to the Genesee County and Batavia City School District tax rates, the City of Batavia is the lowest tax rate of all taxing jurisdictions. If adopted, the tax rate will remain the lowest since 2006.

Sales & Related Taxes

Sales Tax & Related Taxes. Sales tax is the City's largest single revenue source, contributing 37% of the total revenue for General Fund operations. Sales tax generated throughout Genesee County is redistributed to the City pursuant to the Sales Tax Distribution Agreement. This year's sales tax has experienced some growth compared to the FY19 budget. FY17 was the first since FY08 that budgeted a decrease in sales tax. Based on careful analysis, our conservative projection shows a budgeted sales tax revenue increase for the third straight year. **As a cautionary note, we are closely watching the price of fuel, which can impact future sales tax revenues.**

Combined with franchise cable revenue and utilities gross receipts, sales and related taxes contribute over 39.6% of FY20 General Fund revenues.

State and Federal Sources. State and federal grants plus State aid make up 14% of the total FY20 General Fund revenues for the City. This area includes State aid, CHIPs (Consolidated Highway Improvement Program), mortgage tax, summer recreation program, and New York State Arterial Reimbursement.

Other Revenues. Significant sources of other revenues included in this year's budget revenues are \$63,696 in projected payments in lieu of taxes (PILOTS), \$155,000 in estimated fines and forfeited bail from court, and \$150,000 from mortgage tax.

Removed exemptions comprise \$20,500 in expected revenue for the city's FY20 budget. These are one-time payments for retroactive taxes on properties that transferred title mid-fiscal year to new owners who were not eligible to receive the property exemptions of the prior owners. However, the exemption does not come off the property until the following tax roll year. The nursing home removed exemption we received last year was a one-time revenue and **will not reoccur either this year or in future years.**

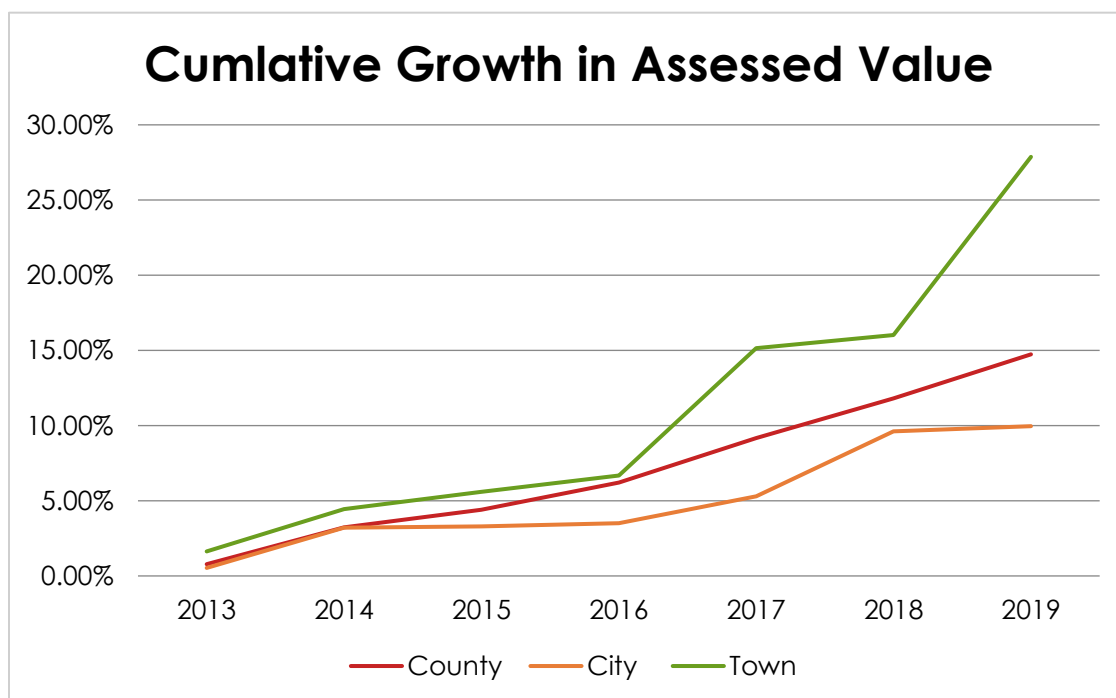

For the third year, the budget includes the \$440,789 Video Lottery Terminal (VLT) aid. With increases in public safety costs, healthcare, and retirement, the inclusion of VLT aid continues to be necessary to protect service levels and reserve contributions. The City has received VLT aid since 2008.

Balancing current budgetary constraints with our desire to not increase property tax rates for operations, the proposed budget recommends utilizing the VLT aid to support reserve contributions, economic development, and public safety operations. Both reserves and economic development have been critical components to the City's success in recent years and are included as priorities now and in the future.

Taxable Assessed Value. The City historically enjoys a 1.5% average annual growth in its property tax base. In 2017 we saw a \$21 million increase (4.11%) in taxable assessed value, due to the expiration of a 2018 PILOT agreement and privatization of the Genesee County Nursing Home. In 2018, the taxable assessed value grew \$1.8 million or .31%. We are currently working with the economic development community on multiple projects to increase our taxable value for commercial properties. We are also re-starting initiatives for neighborhood properties redevelopment.

Development and re-development under the Downtown Revitalization Initiative (DRI), re-inventing brownfield sites into productive commercial properties, improvements in housing re-development, and moving foreclosed commercial properties back into the private sector are important factors for future growth of the property tax base.

Economic growth in the City of Batavia is poised to increase dramatically. The chart below illustrates the current City taxable assessed value growth when compared to Genesee County and the Town of Batavia.

Projects will be focused on improving taxable assessed value, establishing new jobs, and modernizing market rate housing options.

A balanced approach to the City budget includes strong initiatives that contain costs and improve city services. Growth in the tax base and residents' income are the lifeblood of city revenues that support municipal services, as and improve quality of life for City residents.

Reserve Funds. The proposed FY20 budget utilizes \$673,340 of reserves to assist in funding planned capital equipment, hardware and software upgrades, Public Works equipment, and City facility improvements. Reserve funds this year also offset outlier healthcare claims. The use of FY20 budget reserves is consistent with the City's adopted equipment and facility capital plans. The City's 5 year average usage of reserve funds is \geq \$420,000.

Unassigned Fund Balance. The City is fortunate that over the past several years it has turned fund balance from a deficit to a surplus. Again, the City anticipates a healthy fund balance, meeting the City's 10% goal outlined in the adopted Fund Balance Policy.

Unassigned fund balance is used to balance budgets, and fund contingency and reserve accounts. Funding contingency and reserves is done when year end surpluses exceed the amount needed to balance the budget. For the past 12 years, the City’s annual surpluses have exceeded balanced budget needs, and are committed to the General Fund contingency and reserves. **The proposed budget includes \$275,000 of unassigned fund balance to balance the budget, an increase of \$25,000 over last year. Should the unassigned fund balance shrink in future years, our appropriation levels will also decrease to maintain the 10% fund balance goal.**

EXPENSES

General Fund Expenditures. The proposed budget balances high quality services with financial stability. As a result, the proposed budget demonstrates a managed spending plan. Also, all expenditures reflect the priorities established in the City’s Strategic Plan, as well as the City’s financial policies.

General Government and Administrative Services (Operations). General Government Services include City Council, City Manager, Legal Services, Community Development, Economic Development and Council on Arts. Administrative Services consists of the Department of Administrative Services, Finance, Clerk/Treasurer, Assessment, Personnel, Elections, Information Technology, Vital Statistics, Control of Dogs, Summer Recreation and Youth Services. FY20 operations expenditures for these functions are proposed to increase \$14,078, or .7%. These expenses do not include employee health insurance.

Public Safety. Total expenditures for Police and Fire Departments increased by \$131,065 or 1.76% from the prior year. This increase is due to contractual salary and benefits increases.

Public Works. The Department of Public Works includes Public Works Administration, Engineering, City Facilities, Inspection, Maintenance Administration, Street Maintenance, Repair Garage, Snow Removal, St. Lighting/Traffic Lights, Sidewalks, Parking Lots, Parks, Historic Preservation, Planning and Zoning Boards, Storm Sewer, Wastewater, Street Cleaning, and Refuse and Recycling.

Total FY20 expenditures for this category are proposed to **decrease by \$162,250 or 3.8%**. This is primarily due to a decrease in CHIPs (Highway Improvement) projects in FY20. Major expenses include replacing parts of two aging playground apparatus, along with higher projected costs for salt, and yard waste grinding/disposal. They do not include employee health insurance.

Reserve Funding. Since 2008 the City has diligently made an effort to grow reserve funds for future liabilities, capital purchases and expenditures. This effort continues in FY20.

Combined with committing annual surpluses, this funding has provided the City resources for equipment replacements, infrastructure improvements and employee benefit payouts as the City continues to experience the retirement of long term employees. Other benefits of reserves include improved bond ratings, stabilization of tax rates, and meaningful efforts to replace aging buildings capital equipment.

While an increase in reserve funding is financially responsible, it is only possible with the inclusion of VLT aid as a necessary revenue source. This is the third year VLT aid is included in the proposed budget. **If the State reduces or discontinues VLT funding, commitments such as reserve funding would be areas targeted for expense cuts in the City budget.**

Debt Service. These include bonds (principal and interest), other governmental debt, energy lease, municipal lease and interest for outstanding bond anticipation notes (BANs) in the General Fund. The City's projected General Fund debt service for FY20 is \$706,642. This is a 5.1% increase in debt service from the prior year due primarily due to the increase in BAN interest payments.

\$102,215 has been budgeted in FY20 for BAN interest related to Council approved short term borrowing to pay for federal infrastructure projects and the replacement of the city's financial / operational software system. Short term borrowing for capital grant projects provides cash flow until expenses can be reimbursed (up to 180 days after expenditure). The software replacement BAN permits the city to balance its budget by spreading the \$750,000 software replacement cost out over 4 fiscal years.

Debt Management Plan. By fiscal year ending 2024 the City's debt service load for current borrowing may potentially drop from \$706,642 to \$275,080, a decrease of 61%. In practice, the desired combination of total reserve contributions and debt service can remain relatively flat over time; however, as one increases or decreases, the other compensates. This process is generally referred to as “level debt service.” Once the established reserve and debt levels are determined, capital plans can be balanced with acceptable debt limits.

Employee Wages. CSEA (administrative) employees currently receive a 2.5% wage increase, per their collective bargaining agreement. Non-Union employees receive a 2.5% increase this year as part of the City's salary equalization effort. PBA (police), AFSCME and IAFF (Fire) employees will receive wage adjustments to be determined pending successful completion and approval of collective bargaining agreements.

Workers' Compensation Insurance. The City continues to use a self-insured workers' compensation program. Before the change, premiums had risen from \$255,599 in FY11 to the FY16 budgeted number of \$521,259, and were projected to increase in excess of \$700,000 for FY17. Because average annual claims incurred by the insurance carrier were significantly lower than the premiums paid, the City moved to a self-insured program.

The City has budgeted to maintain a workers' compensation reserve in a manner consistent with three-year average costs for workers' compensation claims. As a result, the FY20 workers' compensation budget is \$286,750 or \$76,790 higher than FY19. The FY20 budgeted expenses include stop loss insurance.

Key Components of the City's Risk Management Strategy

Safety Committee Up and Running

The City's Safety Committee is comprised of all department heads and bureau chiefs and is led by the Assistant City Manager (or the City Manager in his / her absence). The team has remained dormant over the past year, but will be re-convened. Its purpose is to re-evaluate processes for reporting and investigating incidents to improve the efficiency and effectiveness of both preventing and handling incidents. As one of its first acts, the team will re-establish regular safety training for City employees.

Updated Policies and Procedures

Both police and fire departments continue using a service called Lexipol to aid in policy updating and to be consistent with accreditation requirements.

Accountability

It is important that we create a culture where safety is a priority. To that end, FY20 continues the practice of budgeting workers' compensation by department area, based on the previous three year average of injuries and associated expenses.

Workers' Compensation Reserve Fund Balance

We will continue to build up the Workers' Compensation Reserve Fund to plan for the unexpected. The proposed reserve goal is \$1.5 million dollars; our current balance is \$618,311. Funds will be assigned each year to the reserve until this goal is reached. In addition, it recommended that we add the stop loss coverage for incidents over \$500,000, and raise the deductible to \$1 million dollars when our workers' compensation reserves exceed \$1 million.

***Actual as of 12/31/2018**

***Actual as of 12/31/2018**

Employee Health Insurance. Currently, City employees are under the City's wellness plan and receive equal medical and dental benefits. The City has successfully managed its self-insured healthcare plan to contain costs and maintain healthy balances for insurance coverage. To continue the maintenance of a healthy fund, the City healthcare budget for FY20 is \$2,280,130, which is based on the number of employee health plans.

The proposed budget includes \$75,000 from the healthcare reserve. This is a \$25,000 decrease from the prior year, and will increase or decrease as needed, depending on the cost of medical incidents.

New York State Retirement Contribution Reserve. The City has budgeted \$1,704,060 in retirement for FY20, which represents a 1% increase. In past years, the City's actual retirement has been inconsistent with the New York State retirement system projection. Over the past 10 years, this has resulted in retirement contribution swings ranging from \$535,000 less than projected, to \$110,000 over budget. The past five years have ranged from \$25,000 to \$272,000 under projection. This continued inconsistency drove the City to create the current City Retirement Reserve in an effort to absorb a potential overage in estimated versus actual retirement contributions. The FY20 reserve balance is \$328,139.

WATER AND WASTEWATER

Proposed Water Rate Adjustment. To implement the City's water rate and adopted capital plan, a strategic water rate adjustment plan was developed. Adopted in 2015, the water rate plan includes incremental rate adjustments, a modest capital improvement fee increase, and the phasing out of the existing second rate block. The plan allows the City to responsibly mitigate system risk by completing important capital projects while limiting the impact on City customers.

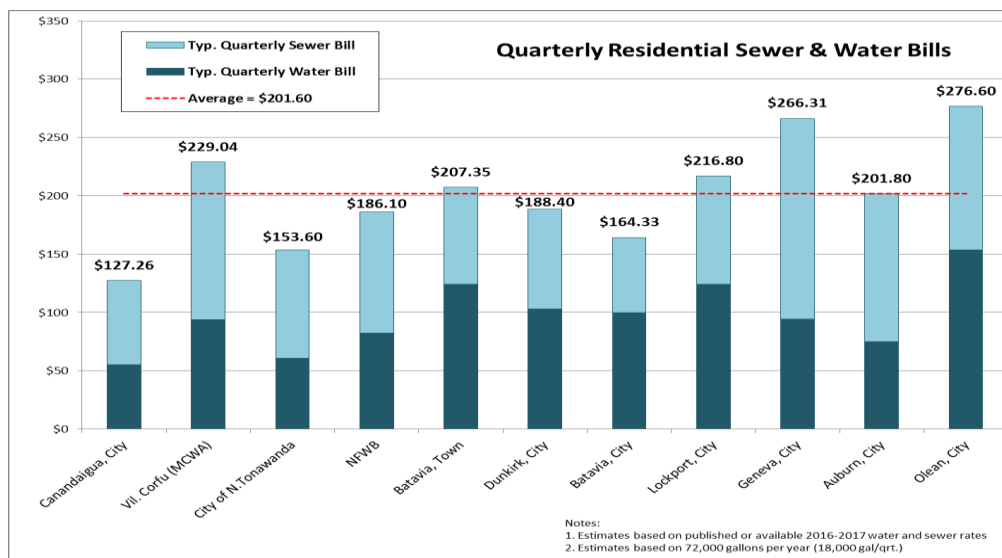

Consistent with the adopted plan, the proposed rate adjustment for FY20 includes a water rate and meter fee increase of \$.19 or 3.5%. Also included is a capital improvement fee increase for all meter sizes at \$.60 per quarter for a typical residential customer with a 5/8-inch meter. These fee adjustments address the growing capital improvement needs of an aging water system. The revenue from this fee will be exclusively dedicated towards funding the necessary water system improvements.

The proposed FY20 water rate for a typical residential user is \$5.49 per 1,000 gallons and the capital fee per typical residential user is \$6.59 per quarter. The total impact to a typical residential customer (approximately 95% of customers) of the proposed rate and fee adjustments is approximately \$4.76/quarter.

Wastewater Rate. Due to operating cost containment, no rate increase is needed for the Wastewater Fund.

Conclusions. It is recommended that the City continue implementing capital investments outlined in the capital plan to reduce the failure risk of aging water and wastewater assets. To accomplish this in a fiscally responsible manner, the water rate adjustments outlined above are recommended. The planned FY20 water and wastewater capital projects are discussed in the capital plan section of this presentation.

The chart below compares City of Batavia rates in relation to other similar size communities. As shown on the chart, Batavia's combined water/sewer rates are competitive with other Western New York communities of similar size.

CITY CENTRE CONCOURSE FUND

Entering its second year is the City Centre Concourse Fund, with a FY20 budgeted operating expense of \$166,810. This represents a 3.3% decrease in day to day operating expenses. The Concourse Fund is in place to pay for City Operations and Maintenance responsibilities in the City Centre Concourse. Effective April 1, 2018 the City gained full control and maintenance responsibility, to include capital improvements of the Concourse. Also part of the settlement is the establishment of the City Centre Concourse user fee to be charged against all properties adjacent to the concourse for operation, maintenance and capital improvements of the Concourse. This user fee remains \$2.00 per square foot for FY20.

Concourse operations include maintenance, cleaning and supervision of the concourse and adjacent sidewalks. In order to meet this full-time operation, the City hired one full-time building maintenance worker and two part-time custodial workers. So far, this staffing level has been sufficient to cover concourse maintenance needs, and no increases in staffing are proposed.

In addition, as part of the settlement agreement, the City is required to make several capital improvements to the concourse roof, silos and skylights. Funding is in place, the design for these improvements is complete, and the City expects to bid the work out before the start of FY20.

			In-Progress	Jobs	183.2
			Completed	Jobs	130.9

Completed Projects: Since 2017 over \$15M was invested in the City of Batavia. Major project achievements included O-AT-KA Milk expansion (\$4.3M), Vine Street complete street project (\$1.8M), street investment of (\$600K), Newberry Building historic rehabilitation (\$2.6M) and Arby's rehabilitation (\$1M).

In Process Projects: Currently, the City has over \$21M of investment in progress including several capital projects for streets, the Ellicott Trail for pedestrian use, and several private building renovation projects for private businesses.

Planned Projects: With the announcement of the Governor's Downtown Revitalization Initiative (DRI), the momentum to invest in Batavia continues to grow. **There is over \$70M in planned in investment**, mainly from the private sector, across the city today. Planned investments are categorized by projects that have state funding commitments, full financial plans, and will be completed in the next five years.

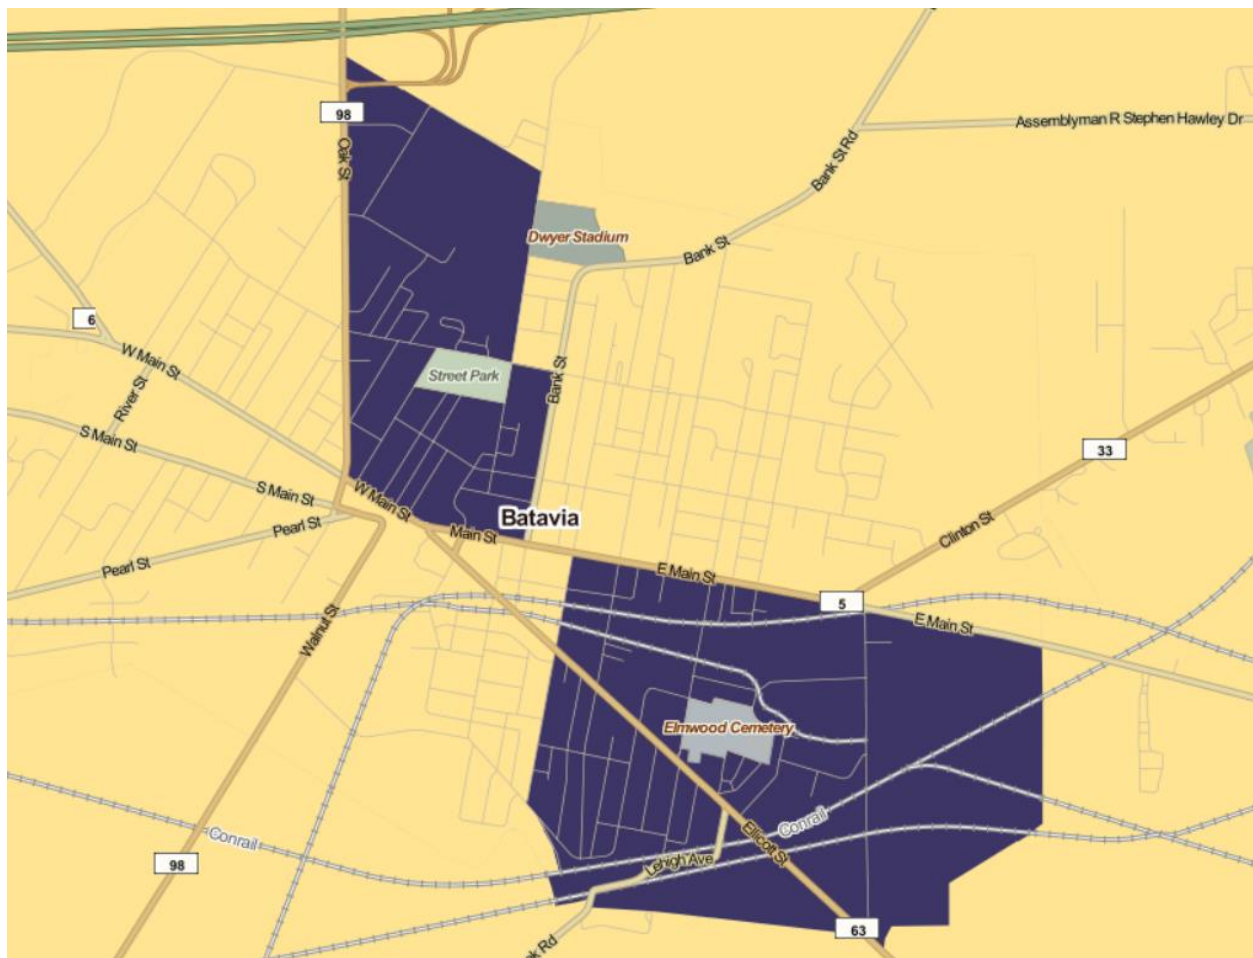

Beyond the planned commitments, we have **leads for potential capital investment of \$82M**. These projects are in the early stages of development, but show a very active sales potential for the City of Batavia.

Source: City of Batavia Department of Public Works and Batavia Development Corporation

New Funding Sources to attract Developers:

Batavia Pathway to Prosperity: An unprecedented Batavia Pathway to Prosperity policy was instituted in March 2016 following months of dialogue between City, County and School officials. Each taxing jurisdiction agreed to re-purpose a share of future PILOT payments to leverage private investment made in the City's central corridor, a unique incentive to advance redevelopment. A five-partner strategic alliance was born for program implementation between Genesee County, City of Batavia, Batavia City School District, Genesee County Economic Development Center and Batavia Development Corporation.

Opportunity Zones: Batavia houses the only two federally designated Opportunity Zones in Genesee County. The two census tracts that are designated in blue include the two largest Brownfield Opportunity Area sites, The City Centre and the Harvester Campus. Re-development plans for both are taking shape with interested developers, and investors visiting regularly.

HOW TO REVIEW THIS BUDGET

We have endeavored to create a budget document that is easy to use, yet comprehensive enough for the experienced reader. Following is a brief description of the major sections of the budget. Each section detailed below in bold represents a portion of the budget which the reader can quickly “tab” to.

Financial Policy Statements

This section lists general City financial policies. The planned implementation of these goals is also explained.

Statistics & Supplemental Overview

This section is provided for history of the City, community profile and demographics, property tax information, property tax cap calculation and the impact of the budget on the typical household.

Budget Reports

This section, which may be the most important contained within the document, provides a summary of the entire budgetary picture of the City of Batavia. There are charts and graphs which depict the City’s budgetary position. In addition, there is very detailed analysis of fund balances, revenues, and expenditures for the City’s primary funds.

Funds & Department Detail

This section provides the “nuts and bolts” of the budget. In these sections, you will find the costs relating to the specific activities and functions contained within the City. These sections also provide additional information on what the projected levels of expenditures are anticipated to be in future years and the major service activities for each cost or service center.

Miscellaneous Funds

This section includes a description and detail of the Capital Fund, Workers Compensation Fund, Small Cities Fund, Special Grants & Batavia Development Fund and Mall Fund.

Capital & Debt

This section outlines the Capital Improvement Plans and Debt Payment Schedule for the City.

Glossary

Included in the glossary are common terms as well as many acronyms used throughout the budget that are specific to the City.

Appendix

In this year's budget, the Appendix features useful information on the City's constitutional tax limit, analysis of the City's workforce and presentation of the past five years of revenues and expenses as well as the next five years of projections.

BUDGET PROCESS

Budget Development

The budgetary process for the City of Batavia begins in mid-October when the budget manual is distributed by the City Manager to all departments and bureaus. This manual outlines the budget calendar, submission dates, performance measurement requirements and parameters for budget requests. Departments are required to complete their budgetary requests for the new fiscal year and include justifications for any infrastructure, capital, and program change requests. The Bureau of Personnel staff works with departments in reviewing personnel needs. The City administration reviews all requests on the timeframe as identified in the annual budget calendar. All funds, capital programs, infrastructure replacement programs and staffing are presented to the City Manager to discuss with the department heads. The proposed budget is then presented to the City Council for review and adoption, including a public hearing. Prior to the public hearing, multiple budget work sessions are conducted with the City Council and staff to discuss the proposed budget and capital projects.

Budgetary Control

Formal budgetary accounting is used as a management control for all City funds. Budgetary controls are exercised both at the departmental level, with the adoption of the budget, and at the line item level through accounting controls. Additionally, budgetary control is maintained by individual departments, acting in conjunction with the City Manager's Office.

Under provisions of the City's Charter, the City Council annually enacts by ordinance the operating budgets of the general and enterprise funds and capital projects, which cannot exceed appropriations except by approval of the governing body. An annual budget for the capital projects is adopted for individual funds.

Amendments to the budget occur throughout the year for a variety of reasons. Possible factors include encumbrances from the prior year, unexpended purchase orders which are added to the current year budget at the close of the prior year, grants or other forms of financial aid which were received during the year but not anticipated in the original budget, appropriations of fund balances needed to offset unanticipated and unavoidable expenditures, and transfers of appropriations among object classes within department budgets to address particular requirements not anticipated in the original budget.

The City Council approves and authorizes the annual budget at the level of object class totals within each department. The City Manager has the authority to transfer appropriations among line items within a department. All transfers between departments and funds must be approved by the City Council. The encumbrances on prior year purchase orders are added to the budget as part of the annual financial closing process. All other budget amendments must be authorized by formal resolution of the City Council.

The City distributes its capital projects fund among several projects, which may cause a deficit within a project. To counter this, the City uses a positive Capital Improvements Program where funds are transferred within the fund after approval by the governing body.

Fiscal Accountability

Fiscal accountability is achieved through development and adoption of the annual budget and long-range financial plans. This practice authorizes the allocation of resources to programs and services for the coming year and allows for insight into the next five-year planning period. The City works diligently to ensure that the budget document is easy to understand, and residents have a clear picture of how tax dollars are used. Once proposed, the budget is placed on the City's website. Once adopted, the budget is updated on the City's website.

Throughout the fiscal year the Finance Office prepares and disseminates monthly financial reports to the City Manager and every City department. The report provides revenue and expenses for their respective budgets. The Finance Office also prepares monthly financial reports comparing actual revenues and expenditures with budgeted revenue and expenditures as well as comparing year-to-date actual revenues and expenditures to the prior fiscal year. The City Council officially accepts the financial reports during the monthly Business Meeting.

The City Manager submits a six (6) month financial report in October/November projecting revenues and expenditures for the remainder of the fiscal year. Should any expenditures project over budget, the City Manager may recommend a budget adjustment for City Council action.

At the end of each fiscal year the City conducts an annual audit. Records for every fund are audited by an independent audit firm that tests and reviews supporting evidences and financial statements. The audit report is presented to an Audit Advisory Committee consisting of residents for review prior to submission to the City Council. Once presented to City Council, the audit is placed on the City's website.

This budget has been prepared and will be submitted to the Government Finance Officers Association (GFOA) for consideration for the Distinguished Budget Presentation Award. The purpose of the Distinguished Budget Presentation Awards Program (Budget Awards Program) is to encourage and assist state and local governments to prepare budget documents of the very highest quality. These documents reflect the guidelines established by both the National Advisory Council on State and Local Budgeting and the GFOA's best practices on budgeting and then to recognize individual governments that succeed in meeting these guidelines are recognized with the GFOA award

The audited financial statements will be prepared and submitted to GFOA for consideration for the Certificate of Achievement for Excellence in Financial Reporting Program (CAFR Program). The purpose of the CAFR program is to assist state and local governments to go beyond the minimum requirements of generally accepted accounting principles to prepare comprehensive annual financial reports that evidence the spirit of transparency and full disclosure and then to recognize individual governments that succeed in achieving that goal. The goal of the program is to ensure the City has the information it needs to assess its financial health.

BUDGET TIMELINE

August-October

- City Council sets the Strategic Agenda

October/November

- City Manager & Assistant Manager plan budget
- City Manager submits instructions to Staff
- Department Heads meet with Staff to discuss goals & objectives
- Personnel Costs are developed by Bureau of Personnel
- Year Action Plans are completed by Dept. Heads

November/December

- All departmental budgets are to be entered into City accounting system
- City Manager meets with Department Heads to discuss budget requests

January

- Budget document finalized
- Proposed budget is submitted to the City Council
- Initial Council meetings to discuss proposed budget

February - March

- Continue Council meetings to discuss proposed budget
- Publication of notice of Public Hearing
- Public Hearing
- City Council adopts budget

April

- **Fiscal Year Begins April 1st**

CITY STRATEGIC PLAN

Background. In 2010, the City conducted a comprehensive and strategic planning process with three goals in mind:

1. Restore public trust in City leadership,
2. Establish tools to measure success, and
3. Become alert to emerging trends and conditions.

The City completed the planning process and updated its strategic plan in 2012 (this plan was recognized in 2014 by the International City/County Management Association). Also in 2014, the City of Batavia began a review of the strategic priorities developed in 2012. This analysis resulted in a focus on:

1. Transparency of government,
2. Assessment of services,
3. Alliances with partners
4. Public engagement, and
5. Focus on “what’s important”.

In 2017 the strategic plan was again updated with the foundational goal to achieve \$100 million in additional investments by 2022. This goal remains in place for FY20. Identified City investments included refurbishing aging structures, and infrastructure upgrades for roads, sidewalks, equipment, sewer, water, and parks. Private investment by residents, business owners and developers is also highly encouraged.

There are four distinct priorities identified in order to achieve this foundational goal.

1. COMPLETE DRI funded projects,
2. FOCUS on additional downtown redevelopment and growth,
3. ENCOURAGE neighborhood housing investment, and
4. REALIZE the dream of replacing the City’s Police Station.

In FY20 we continue progressing on our shared journey to \$100 million, and invite all to remain “ALL IN”! In addition, we are adding a second foundational goal to achieve higher levels of service excellence!

As stated in the City’s budget message, our most important resource is our Human Resource! IMPROVING SERVICE EXCELLENCE requires the City to collectively move beyond “just doing our jobs” to why and how we work to improve the quality of life for our neighbors, businesses, and visitors. Achieving this goal also requires a focus on fairness and equity in pay, a positive attitude,

and providing employees the resources to do their jobs. Finally, some of our best talent will be retiring in the near future. We must be prepared to replace them.

There are five fundamental priorities identified to achieve this goal. Some of these are already in place and will be re-emphasized.

1. NEGOTIATE fair and equitable collective bargaining agreements that recognize the value of City employees and protect the City's financial position.
2. SHINE a monthly spotlight on employees that exemplify service excellence.
3. REVIEW staff performance and set achievable goals for improvement through the evaluation process. These goals should include maintaining a standard practice of treating residents, businesses, and visitors as our most valued customer.
4. DEVELOP a succession planning strategy that grows internal staff into higher levels of responsibility.
5. IDENTIFY appropriate compensation levels and other incentives to attract new mid and upper level management to the City as needed.

Strategic Priority: FOCUS on Growth

Goals	Objectives	Time Frame	Resources/Owner	Measurements/Outputs	Plan Alignment
1. Zoning ordinance is updated to form-based codes to reflect Future Land Use Map.	1.1 Consultant retained to update zoning code consistent with future land use plan.	4 th Quarter 2018/19	Resources: Planning consultant, local stakeholders, County Planning Dept., Planning & Development Committee Owner: City Manager	Measurements: Zoning Regulations are updated; time from submittal to permit process is improved in codes that are revised Outputs: Revised zoning code to incorporate form-based code elements	Comprehensive Plan P-2; Future Land Use Map
	1.2 Planning process engages stakeholders for feedback in process improvements to identify potential zoning revisions.	1 st Quarter – 3 rd Quarter 2019/20			
	1.3 Zoning revisions drafted and recommended to PDC and City Council for adoption.	3 rd Quarter 2019/20 – 2 nd Quarter 2020/21			
2. Marketing and Communication Plan to support \$100 Million I'm All In! is executed.	2.1 Evaluate and assess past efforts and secure resources (i.e. people, dollars, consultants) to enable creation and execution of a Marketing and Communication Plan.	4 th Quarter 2018/19	Resources: Batavia Development Corporation (BDC) Owner: City Manager	Measurements: 80% of each year's Communication Plan is executed; Social Media traffic/utilization increases 15% per year Outputs: Communication Plan report; social media metric reports	Comprehensive Plan D-3
	2.2 Annual Marketing and Communication Plan is developed to include social media and other channels.	1 st Quarter, 2019/20, and annually			
	2.3 Annual Marketing and Communication Plan is implemented.	2019/20; 2020/21; 2021/22			

Goals	Objectives	Time Frame	Resources/Owner	Measurements/Outputs	Plan Alignment
3. City support for redevelopment projects is provided.	3.1 DRI Projects are completed and taxably assessed. DRI Ellicott Station Carr's/Genesee Bank Ellicott Place Healthy Living Performing Arts Building Imp. Fund City Centre Jackson Square	2019/20 – 2021/22	Resources: Batavia Development Corp (BDC); Property owner Owner: City Manager, Director of Public Works	Measurements: Building projects are redeveloped and functional; Strategy is developed for Ellicott Street. Implement DRI Project completion. Projects start and completion tracking. Outputs: Redeveloped/developed buildings are occupied and added to tax base; Ellicott Street objectives and strategy implementation outlined. DRI Projects are started and completed	Comprehensive Plan R-7; P-1; 2014 Batavia Opportunity Plan
	3.2 Newberry building is redeveloped.	4 th Quarter 2019/2020			
	3.3 Revitalization strategy for Ellicott Street “Welcome to Southside” is developed.	2019/20-2021/22			
4. Pedestrian bike paths are expanded and City becomes more bike-friendly.	4.1 Ellicott Trail is constructed. (refer to Neighborhood Investment 6.)	1 st -2 nd Quarter 2019/20	Resources: Town of Batavia, Business Improvement District (BID), Citizen committee, NYS/Federal grants,, planner/ facilitator for committee Owner: City Manager and Director of Public Works	Measurements: 14600 linear feet of new dedicated bike lanes; 22 of new bike-related signage Outputs: Plan based on “Committee Recommendations”	Comprehensive Plan R2 and R4; Complete Streets Goal (Neighborhood Investment #7)
	4.2 Committee of residents are engaged in planning for “Creating a Bikeable Batavia.”	2019/20			
	4.3 Dedicated bicycle lanes are added in key corridors.	2020/21			
	4.4 Bicycle Racks are added to Public Facilities.	2018/19 – 2020/21			
	4.5 Bike Route signage is added.	2020/21			

Goals	Objectives	Time Frame	Resources/Owner	Measurements/Outputs	Plan Alignment
5. Complete streets policy is developed and adopted.	5.1 A Complete Streets definition and policy, based on Complete Streets best practices, is developed to guide future street planning and construction	2019/20	<u>Resources:</u> Additional planning dollars <u>Owner:</u> Director of Public Works	<u>Measurements:</u> Active sidewalks, dedicated bike lanes, active roadways, safe crosswalks, plantings and green spaces; policy implemented as street improvements implemented <u>Outputs:</u> Adopted Complete Streets policy; Capital plan reflecting impact of this policy	Comprehensive Plan R-1; R-4; 2015 Batavia Walkability Action Plan; Pedestrian/Bike Trail Goal Section (Focus on Growth #3); Clean Waters Act/Green Infrastructure
	5.2 Key Corridors are confirmed and a timeline established to upgrade.	2020/21			
	5.3 Budgeting process utilized and financial resources secured to enable policy.	2020/21			
	5.4 Implementation Plan developed.	2020/21			
6. Mechanism for ongoing communication with business community is developed and implemented.	6.1 Businesses identified	4 th Quarter 2018/19	<u>Resources:</u> BDC <u>Owner:</u> City Manager	<u>Measurements:</u> Businesses are contacted regularly (at least twice annually) Needs are reported out to management team at regular meetings, actions documented and completed <u>Outputs:</u> actions completed and meetings take place	
	6.2 Contact assigned	4 th Quarter 2018/19			
	6.3 Regular communication takes place with Business Community	1 st Quarter – 2019/2020			

Goals	Objectives	Time Frame	Resources/Owner	Measurements/Outputs	Plan Alignment
7. Create historic property inventory.	7.1 Funding is sought or ad-hoc committee established to begin inventory.	2019/20-2020/21	Resources: Preservation League, – State Historic Preservation Office (SHPO) Grant funding Historic Tax Credits, BDC, BID Owner: City Manager	Measurements: Historic inventory created and accessible. Outputs: Provide information to community regarding options for historic preservation and designation	Comprehensive Plan D-1
	7.2 Scope of inventory is developed.	2020/21-2021/22			
	7.3 Inventory and market incentives to invest in underutilized buildings is developed	2019/20-2021/22			
	7.4 Partners are recruited, public education campaign implemented on benefits of historic restoration and designation.	2020/21-2021/22			
8. Police Department receives a new facility.	8.1 Complete debt analysis and site location.	1 st Quarter 2019/20	Resources: Consultants Owner: City Manager, Chief of Police	Measurements: Facility constructed and all Police Department staff are moved to new space Outputs: New business cards and address changes indicating move	
	8.2 Decision and course of action for site.	4 th Quarter 2019/20			
	8.3 Implementation Plan (Critical Path) created for design and construction based on site and cost parameters.	1 st Quarter 2020/21			
	8.4 Commence implementation of design.	1 st Quarter 2021/22			
	8.5 Construction underway.	4 th Quarter 2021/22			

Strategic Priority: Operational Excellence

Goals	Objectives	Time Frame	Resources/Owner	Measurements/Outputs	Plan Alignment
1. Enterprise Resource Planning (ERP) System implemented.	1.1 Scope of ERP System determined.	Completed	Resources: Client First Consulting; County IT, Consultant Owner: City Manager project prior to leaving (now Deputy Director of Finance)	Measurements: First ERP modules go live by March 2019, all modules live by March 2020 Outputs: ERP system live; documentation of training conducted to prepare staff Measurements: Modules to be converted assess need for Project Manager Output: Schedule, Implementation, Conversion	
	1.2 Budget to support long-term solution developed	Completed			
	1.3 ERP Vendor chosen, budget set.	4 th Quarter 2018/19			
	1.4 ERP implementation plan completed	1st Quarter 2019/20			
	1.5 ERP implementation begins	2nd Quarter 2019/20			
	1.5 ERP implementation plan completed.	2 nd Quarter 2020/21			
2. Police Department receives NYS Accreditation.	2.1 Policy manual updated and rolled out to staff.	4 th Quarter 2017/18	Resources: Lexipol, New York State Accreditation Council Owner: Police Chief	Measurements: Notification of Accreditation by 2019 Outputs: Certificate of Accreditation	
	2.2 File folders created and information deposited into appropriate folders.	4 th Quarter 17/18 – 4 th Quarter 2018/19			
	2.3 Pre-assessment requested and completed.	2 nd quarter 19/20			
	2.4 Assessment completed.	2 nd Quarter 2019/20			
	2.5 Accreditation award received.	3 rd Quarter 2019/20			
	2.6 Program is maintained.	4 th Quarter 2019-2020 – 4 th Quarter 2021/22			

Goals	Objectives	Time Frame	Resources/Owner	Measurements/Outputs	Plan Alignment
3. Fire Department receives Center for Public Safety Excellence (CPSE) Accreditation.	3.1 Self-Evaluation/Assessment completed.	4 th Quarter 2018/19	Resources: GIS, Rochester Fire Department, Lexipol Owner: Fire Chief	Measurements: Notification of Accreditation Outputs: Letter from CPSE acknowledging accreditation	
	3.2 Standards of Cover completed.	4 th Quarter 2019/20			
	3.3 Fire Dept. Strategic Plan completed.	2 nd Quarter 2019/20			
	3.4 Peer Assessment completed.	2 nd Quarter 2020/21			
	3.5 Accreditation submitted.	3 rd Quarter 2020/21			
4. Department of Public Works utilizes American Public Works Association (APWA) self-assessment process to improve operations.	4.1 Self-Evaluation/Assessment completed.	2 nd Quarter 2020/21	Resources: APWA Accreditation Software, Public Works Management Practices Manual Owner: Director of Public Works	Measurements: Notification of Accreditation Outputs: Letter from APWA acknowledging Accreditation	
5. Budget process and financial management meet industry best-in-class standards.	5.1 Submit Comprehensive Audited Financial Report (CAFR) application.	September 2018/19 and annually	Resources: Freed Maxick Owner: Admin Services/Deputy Director of Finance Resources: GFOA Owner: City Manager	Measurements: Notification of Awards Outputs: CAFR Certificate of Excellence Measurements: Notification of Award Outputs: Distinguished Budget Award	
	5.2 Respond to CAFR deficiencies.	September 2018/19 and annually			
	5.3 Submit Government Finance Officers Association (GFOA) application.	April 2018/19 and annually			
	5.4 Respond to GFOA deficiencies.	September 2019/20 and annually			

Goals	Objectives	Time Frame	Resources/Owner	Measurements/Outputs	Plan Alignment
6. A rating of 7, or comparable benefits, is maintained in Community Rating System (CRS)	6.1 Annual flood field training exercise is completed.	3 rd Quarter 2017/18	Resources: County Planning; DEC; FEMA; Genesee County Multi-Hazard Mitigation Plan Owner: Fire Chief and Administrative Services	Measurements: Maintain rating Outputs: FEMA records	Fire Department Plan
	6.2 Emergency Management participates in Genesee County Multi-Hazard Mitigation Plan. (Fire Department)	1 st Quarter 2019/20			
	6.3 Annual CRS actions are completed.	Monthly			
7. Stormwater Capital Plan is developed and implemented including “green” infrastructure.	7.1 RFP developed, issues, and consultant selected.	Completed	Resources: Consulting Engineer Owner: Director of Public Works	Measurements: Green infrastructure is incorporated into the plan Outputs: Plan document including Capital project list	Comprehensive Plan S-4
	7.2 Needs assessment conducted.	Completed			
	7.3 Capital needs and cost estimates developed.	Completed			
	7.4 Draft plan reviewed and capital projects prioritized.	Completed			
	7.5 Final capital plan completed and adopted.	Completed			
Goals	Objectives	Time Frame	Resources/Owner	Measurements/Outputs	Plan Alignment

8. Talent Management Strategy is implemented.	8.1 Annual leadership development plans are created to address outcomes of employee survey and implemented throughout year.	Completed	<u>Resources:</u> Benchmarks of other governments; Core Values Subteams; Civil Service <u>Owner:</u> Administrative Services	<u>Measurements:</u> Implementation of new performance evaluation process and recognition program; Process implemented in hiring process aligned with core values; pay equity strategy presented to Council <u>Outputs:</u> Training records showing completion of training on performance evaluation and recognition; procedure for hiring process; council minutes reflecting presentation of pay equity presentation	
	8.2 New Hire Team Recommendations implemented	Completed			
	8.3 New Performance Evaluation System designed and implemented.	4 th Quarter 2019/20			
	8.4 City-wide Recognition Program designed and implemented.	Completed			
	8.5 Non-union benefits recommendation is developed and presented to City Council.	2019/20			
	8.6 Employee Engagement Survey re-administered.	2019/20			

Strategic Priority: Neighborhood Investment

Goals	Objectives	Time Frame	Resources/Owner	Measurements/Outputs	Plan Alignment
1. Improved housing quality through targeted housing initiatives.	1.1 First zombie home redeveloped utilizing 485-r exemption.	Completed	Resources: Habitat for Humanity; Pathstone Neighborhood Works; community organizations Owner: City Manager	Measurements: Homes redeveloped Grants applied for Outputs: Database of zombie homes and real estate market trends developed. Submitted Grant Applications Completed home redeveloping	Comprehensive Plan P-6; “Operation Keep Our Homes” Grant
	1.2 Review and amend Sections 96 and 55 of the BMC for easier enforcement.	Completed			
	1.3 Evaluate and transfer foreclosed properties for transfer to Habitat for Humanity for redevelopment.	Completed			
	1.4 Zombie home and Real Property database is developed and refined.	1 st Quarter – 4 th Quarter 2019/20			
	1.5 Develop housing initiatives that target specific real estate investments to improve market	2 nd Quarter 2017/18 – 2 nd Quarter 2019/20			
	1.6 Apply for grants to assist homeowners.				
2. More at-risk home owners take advantage of foreclosure counseling services.	2.1 Program for Public Information Developed	4 th Quarter 2019/20	Resources: The Housing Council at Pathstone; Public Information Team Owner: City Manager	Measurements: Homeowners using foreclosure counseling services Outputs: Confirm with Pathstone –Families avoiding foreclosures	Comprehensive Plan P-6; “Operation Keep Our Homes” Grant
	2.2 Program for Public Information Implemented	1 st Quarter 2020/21			
3. People report that they feel safe in this community.	3.1 Community survey is re-administered measuring the feeling of safety throughout the city.	1 st Quarter 2019/20	Resources: City PD Strategic Planning Group Owner: Police Chief	Measurements: 15% overall improvement in feelings of safety Outputs: 2020/21 survey results compared to 2017/18 survey results

SECTION 2

FINANCIAL POLICY STATEMENT

FINANCIAL POLICY STATEMENTS

The City Council has adopted financial policy statements to provide for improved long-term decision making. The development of effective strategies first requires an understanding of the causes of problems and the inter-relationships among them. Second, we must relate our understanding of the problems to specific community needs and objectives. One way to do this is by specifying our financial objectives in policy statements. Using policy statements to set financial goals provides a means of measuring the City's progress toward improving its financial condition.

These financial policy statements are in compliance with the Federal guidelines and regulations.

Although a broad range of statements, decisions, and activities could be construed as financial policies, financial policies are defined here as goals for our financial operation. Setting goals gives us a long-range perspective on our current approach to financial management. It also helps us agree on the kind of financial condition we want for our community. The establishment of financial policies is useful for the following reasons:

1. A formal set of policies can help the City Council and City Manager discover conflicts, inconsistencies, and gaps in our financial operations. It can also help develop similar expectations regarding both managerial and legislative financial decision making.
2. Publicly adopted policy statements can contribute greatly to the credibility of (and public confidence in) the City. Such statements show the credit rating industry and prospective investors the government's commitment to sound financial management and fiscal integrity.
3. Established policies can save the City Manager and City Council time and energy. Once certain policies are set, the same policy issues do not need to be discussed each time a decision is made.
4. The process of developing overall policies directs the attention of management and elected officials to the government's total financial condition rather than to single issues. This process requires that long term financial planning be linked to day-to-day operations.
5. As overall policies are developed, the process of trying to tie issues together can bring new information to the surface and reveal additional concerns that need attention.
6. Discussing financial policies can make elected officials more aware of their role as policy makers in maintaining good financial conditions.
7. Discussing financial issues and adopting a formal position can help the government to prepare for financial emergencies and to avoid relying on short-term solutions.
8. Setting policies can improve fiscal stability by helping local officials look down the road, plan tax rates and expenditures two to four years ahead, and be consistent in their approaches to planning.
9. Finally, explicit policies contribute to continuity in the government's financial affairs.

Local officials may change over time, but policies can continue to guide whoever manages City finances. With the information from multi-year financial planning, the City Council can develop its goal for the financial future of the organization. (e.g. What does the City Council want the financial picture to look like? What steps will be needed to accomplish that goal?)

Recommendations for the City's financial policies are based on sound planning principles put forth by local government finance practitioners, bond rating firms, best practices and the staff's professional judgments.

Similar financial policies were adopted by the City Council in 1999, and have continued to serve as guiding principles for City staff to date. While the City continues to function under these policies it is prudent to review them annually and is recommended that the updated policies be adopted following the budget adoption.

REVENUE POLICIES

Statements dealing with taxes and the means whereby the city raises revenue to fund operations.

REVENUE POLICY #1: UNASSIGNED FUND BALANCES

- To maintain the City's credit rating and meet seasonal cash flow shortfalls, the budget shall provide for a minimum unassigned fund balance of 10% for the General Fund of operating expenditures. The fund balance shall be exclusive of all assigned, committed, restricted and non-spendable fund balances not anticipated to be readily available for use in emergencies and contingencies.
- Should the fund balance fall below 10% of expenditures at the end of a fiscal year, a plan for expenditure reductions and/or revenue increases shall be submitted to the City Council by the City Manager for future years. Also, the Audit Advisory Committee will annually evaluate current fund balance classifications in order to recommend the final distribution of fund balance in any fiscal year in consideration of estimated liabilities of the City and sound financial planning.
- If the balance should ever exceed 20%, the excess shall be utilized for one-time expenditures as recommended by the City Manager to the City Council.
- If, at the end of a fiscal year, the fund balance falls below 5%, then the City shall rebuild the balance within the next two (2) fiscal years.

REVENUE POLICY #2: CONTINGENCY ACCOUNT

- To help maintain services during short periods of economic decline and meet emergency conditions, in addition to the fund balance, the General Fund budget shall strive to provide for a minimum contingency equivalent to 1.5% of estimated annual operating revenues. All special revenue fund types shall maintain a contingency account and capital reserves. The contingency is established to provide for nonrecurring unanticipated expenditures.

REVENUE POLICY #3: SOURCES OF REVENUE

- The City will strive to maintain a diversified and stable revenue system to shelter the government from short-run fluctuations in any one revenue source and ensure its ability to provide ongoing services.
- Revenues for the next four (4) years will be projected and updated annually. Each existing and potential revenue source should be re-examined annually.

REVENUE POLICY #4: REVENUE COLLECTION

- The level of uncollected property taxes will be monitored on a quarterly basis.
- Daily receipts will be deposited into one or more depository, as selected by City staff and authorized in the City's investment policy;
- Except as otherwise provided by the City Charter, the amount to be raised annually by

taxation of property shall be levied, assessed, apportioned and collected in accordance with the provisions of the Real Property Tax Law of the State of New York.

REVENUE POLICY #5: FEES, LICENSES, PERMITS, & MISC. ITEMS

- Pursuant to the user fee studies, all fees for licenses, permits, fines, and other miscellaneous charges shall be set, if the Council desires, to recover the City's expense in providing the attendant service. These fees shall be reviewed and adjusted where needed. A revenue manual listing all such fees and charges of the City shall be maintained by the City Clerk and updated concurrent with any adjustments.

REVENUE POLICY #6: FEES FOR SPECIAL REVENUE (ENTERPRISE TYPE) FUNDS

- Special Revenue Fund (Water & Wastewater) charges will be cost of service based (i.e., set to fully support the total direct, indirect, and capital costs) and established so that the operating revenues of each enterprise fund are at least equal to its operating expenditures and annual debt service obligations.
- Beginning with fiscal year 2009 and then updated in 2014, the City conducted a comprehensive rate study, on an annual basis for Council review during the budget process so that any rate adjustment may be implemented effective the first day of the following April. Every effort shall be made to limit rate increases, however not more than 10% in anyone year unless Federal, State or judgment arising out of litigation dictates otherwise.

REVENUE POLICY #7: GRANTS

- The City shall pursue all grant opportunities; however, before accepting grants, the City will consider the current and future implications of both accepting and rejecting the monies.
- In recommending acceptance or rejection of inter-governmental grants, the Department Head shall evaluate each grant and make a recommendation to the City Manager after considering:
 - The amount of the matching funds required;
 - In-kind services that are to be provided;
 - Length of grant and consequential disposition of service (i.e., is the City obliged to continue the service after the grant has ended); and
 - What are the related operating expenses.

OPERATING BUDGET POLICIES

Statements dealing with the expenditures of the operating budget.

OPERATING BUDGET POLICY #1: OPERATING BUDGET- "PAY-AS-YOU GO"

- The City shall attempt to conduct its operations on a pay-as-you-go basis from existing or foreseeable revenue sources. The control of costs will be emphasized. Achieving pay-as-you-go requires the following practices: current operations and maintenance costs to be funded with current revenues, direct and indirect costs of services must be fully identified, and sound revenue and expenditure forecasts must be prepared.
- The City's procurement procedures shall allow purchasing without prejudice, seeking to obtain the maximum value for each dollar of expenditure in accordance with established City quality standards.

OPERATING BUDGET POLICY #2: BUDGET BALANCE

- The City budget shall balance operating expenditures with operating revenues. The General Fund shall not be balanced with appropriations from the General Fund balance if to do so would drop the fund balance below 5% of operating revenue.

OPERATING BUDGET POLICY #3: BUDGET PERFORMANCE REPORTING

- The Department of Administrative Services shall submit a monthly financial report comparing actual revenues and expenditures with budgeted revenue and expenditures as well as comparing year-to-date actual revenues and expenditures to the prior fiscal year.
- The Department of Administrative Services shall submit a six (6) month financial report in October/November projecting revenues and expenditures for the remainder of the fiscal year. Should any expenditures project over budget, the City Manager shall recommend a budget adjustment for City Council action to amend the budget.

CAPITAL IMPROVEMENT POLICIES

Policies relating to capital improvement planning and special funds necessary to address particular needs of the City.

CAPITAL POLICY #1: CAPITAL IMPROVEMENT PROGRAM

- A Capital Improvement Plan (minimum 5 years) shall be developed and presented annually by staff and reviewed by the City Council. This plan shall contain all capital improvements from all funds and departments of the City.
- A high priority shall be placed on a replacement of capital improvements when such improvements have deteriorated to the point of becoming hazardous, incur high maintenance costs, are negatively affecting property values, and/or no longer functionally serving their intended purposes. Replacement of capital outlay items shall be tied at fairly stable intervals so as not to spend excessively in one year and restrictively in the next.

CAPITAL IMPROVEMENT POLICY #2: INTERGOVERNMENTAL ASSISTANCE

- Intergovernmental assistance shall be used to finance only those capital improvements that are consistent with the capital improvement plan and the City's priorities, and whose operations and maintenance costs have been included in operating budget forecasts.

CAPITAL IMPROVEMENT POLICY #3: CAPITAL FINANCING

- Capital projects shall not be dictated by the nature of funding available except to the extent that the projects meet an initial test of being required to achieve City goals and to the extent that projects must be placed in priority dictated by the nature of funds available.
- On an as needed basis, the City Manager, Department of Administrative Services and the Department of Public Works shall identify all completed capital projects and formally request that the project(s) be closed out. Recommendations for all unspent money will be provided via a resolution.
- Projects shall not incur a deficit without the approval of the City Council.

ACCOUNTING POLICIES

Policies relating to the procedures that the City utilizes in accounting for its financial transactions.

ACCOUNTING POLICY #1: ACCOUNTING SYSTEM AND STANDARDS

- The City's accounting and reporting system shall demonstrate the following characteristics:
 - reliable;
 - accurate;
 - consistent; understandable to all users;
 - responsive; and
 - in conformance with all legal requirements.

- The City's accounting system shall be maintained in such a way so as to conform to generally accepted accounting principles established by the Governmental Accounting Standards Board and by the New York State Comptroller and result in an unqualified opinion by the City's independent auditor.
- On an annual basis, the City Manager, the Department of Administrative Services and the Department of Public Works shall identify all completed capital projects and formally request that the project(s) be closed out. Recommendations for all unspent money will be provided via a resolution.
- Accounts receivables due to the City shall be promptly recognized in accordance with generally accepted accounting principles and promptly collected in accordance with administrative policies of the City.
- The Clerk's Office and Finance Office shall develop and maintain daily, weekly, monthly and annual standard operating procedures within their respective bureaus.

DEBT POLICIES

Policies relating to the long-term financing of the City's capital improvement program

DEBT POLICY #1: USE OF DEBT POLICY

- The City of Batavia shall only use long-term debt for capital projects that cannot be financed out of current revenues within the Revenue Policy guidelines. Further debt financing shall generally be limited to one-time capital improvement projects and only under the following circumstances:
 - When the project's useful life will exceed the term of the financing;
 - When the project revenue or specific resources will be sufficient to service the debt; and,
 - When the project will benefit the citizens of Batavia.
- Debt financing shall not be considered appropriate for:
 - Current operating and maintenance expenses (except for issuing short-term instruments such as bond anticipation notes, revenue anticipation notes or tax anticipation notes); and
 - Any recurring purpose (except as indicated above).

DEBT POLICY #2: SELF-IMPOSED/COUNCIL LIMITS ON DEBT ISSUANCE

- Refunding bonds may be authorized by the City Council provided such refunding does not result in an increase in the interest rate and does result in a savings over the life of the bonds.
- To maintain the City's credit rating and expenditure flexibility, the annual debt service payments the City must make on net direct long-term debt shall be evaluated and recommended with the proposed budget annually and multi-year financial plans.

DEBT POLICY #3: MUNICIPAL LEASING

- Municipal lease purchase shall be considered only when the useful life of the item is equal to or greater than the length of the lease. If the item may become technologically obsolete or is likely to require major repair during the lease purchase period, then the item should be either purchased or placed on a straight lease.

DEBT POLICY #4: RATING AGENCY RELATIONSHIP

- The City shall maintain communication with rating agencies about its condition. The City will follow a policy of disclosure on every financial report and bond prospectus.

DEBT POLICY #5: DEBT MANAGEMENT PLAN

- As part of the proposed budget staff shall annually review all debt of the City and including, but not limited to:
 - a detailing of the sources of funding for all debt;
 - current and future debt capacity analysis;
 - issues to be addressed for sound debt management;
 - a contingency debt plan should any of the funding sources become unavailable in the foreseeable future;
 - reporting as to the City's compliance with its debt policies, and
 - outline benchmarks (financial or economic indicators) to establish debt limits and the City's ability to repay outstanding debt over future years.

INVESTMENT POLICIES

Policies related to the investment of City funds.

The City will conform to all federal, state and local statutes governing the investment of public funds.

- The safety of principal is the foremost objective of the City's investment program. The investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital. The primary safety components will be to mitigate credit risk and interest rate risk.
- The City will minimize credit risk, which is the risk of loss due to the failure of the security issuer or backer, by:
 - Limiting investments to the safest types of securities;
 - Pre-qualifying the institutions, brokers/dealers, intermediaries, and advisers with which the City will conduct business;
 - The City shall diversify the investment portfolio, to the extent necessary, in order to minimize potential losses on individual securities.
- The City will minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by:
 - Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity;
 - Investing operating funds primarily in short-term securities (CDs), money market funds, or similar investment pools.

The City's investment portfolio shall remain sufficiently liquid to enable the City to meet all operating requirements which might be reasonably anticipated. This will be accomplished by structuring the portfolio so that securities mature concurrent with the City's cash needs to meet anticipated demands (i.e. payroll). A portion of the portfolio also may be placed in money market mutual funds or government investment pools which may offer same-day liquidity for short-term needs.

The City's investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, while taking into account risk constraints and the cash flow characteristics of the portfolio. The core of investments shall be limited to relatively low risk securities in anticipation of earning a fair rate of return relative to the risk being assumed.

SECTION 3

STATISTICS & SUPPLEMENTAL OVERVIEW

HISTORY OF BATAVIA

Batavia, located on the Tonawanda Creek at the former junction of two major Indian trails, was founded in 1801 by Joseph Ellicott, resident agent for the Holland Land Company. Four years earlier, the Holland Land Company had purchased 3.5 million acres including the current site of Batavia from Robert Morris, “Financier of the American Revolution,” who in turn had acquired the land from the State of Massachusetts. The Seneca Nation, with the exception of reservations existing still today, in exchange for a payment of \$100,000 ceded its rights to this land in the 1797 Treaty of Big Tree.

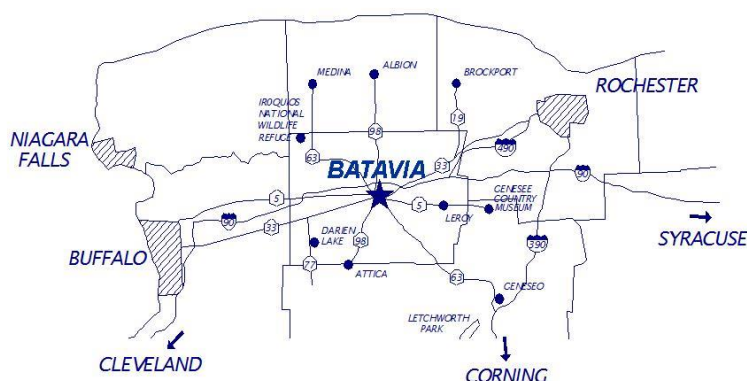

The Holland Purchase extended from Lake Ontario to the Pennsylvania border and from Lake Erie to a few miles east of Batavia. Before 1797, with the exception of a relatively few Native American settlements populated mainly by Seneca Indians, the area was largely undeveloped. When Ellicott built his 1801 land office at Batavia and sold there thousands of parcels carved from the former Indian land to pioneers principally from the eastern United States, the community became known as “the birthplace of western New York.” As Batavia grew, it first became incorporated as a village in 1823 and then as a city in 1915.

The original Indian trails became the routes of several state highways that were later joined by the New York State Thruway (I-90) in 1954. The first railroad reached Batavia from Rochester in 1836 and was followed by several other rail companies that made the city a railroad center. A modern airport with a 5500 ft. runway is located just north of the city. Over the years, many manufacturing concerns have been attracted to the community by virtue of its superior access to good transportation.

Batavia has been the county seat of Genesee County beginning with the latter’s formation in 1802. Among its many attractions is the second Holland Land Office, now a museum, built in 1815 as a successor to Joseph Ellicott’s first land office. Other historic structures are also located in Batavia including the 1841 Court House and the former Brisbane Mansion built in 1853.

COMMUNITY PROFILE AND DEMOGRAPHICS

The City of Batavia, the Genesee County seat, occupies a land area of 5.2 square miles with a population of 14,868. The city serves as the healthcare, business and commercial center for the surrounding agricultural area of Genesee, Orleans and Wyoming Counties. Batavia is centrally located in Western New York, midway between (approx. 30 miles) from the Cities of Rochester and Buffalo. Batavia is also the center of the Batavia/Genesee Micropolitan area with a population of 60,079. (Source: 2013-2017 American Community Survey (ACS), U.S. Census Bureau.)

Batavia is home to several significant and well established manufacturing employers, such as Graham Manufacturing, Chapin International, O-AT-KA Milk Products and is home to United Memorial Medical Center (UMMC), the only hospital in Genesee County. Since 1939 Batavia has been the home to the Batavia Muckdogs, a minor league baseball team and Class A affiliate to the Miami Marlins.

The City operates under the Council-Manager form of government which was established by City Charter adoption in 1957. Under this form of government, the City Council is the legislative and policy-making body of the City, consisting of six council members elected by ward and three council members elected at large, with the Council President (an at-large Council member) serving as the presiding officer. The Council members are elected for 4-year terms. The Council meets twice a month to consider all matters brought to its attention by individual council members, the Council President and by the public. As such, the Council is responsible, among other things, for passing local laws, resolutions, adopting the budget and appointing committees. The Council appoints the City Manager, who serves as the Chief Executive Officer and the Director of Finance, Chief Fiscal Officer and enforces the city local laws and City Council policy as well as carries out all day-to-day operations. The City Manager, as the Director of Finance, is responsible for preparing the annual budget for City Council consideration.

The City provides a full range of municipal services, including police and fire protection, public works and inspection services, street lighting, maintenance of all streets and other infrastructure, snow removal, maintenance of over 60 acres of parks, water and waste water treatment facilities and conveyance, economic development and youth bureau services and general administration services. The City owns an ice arena and baseball stadium, but contracts their operations. Batavia also owns the largest lagoon wastewater plant east of the Mississippi River that provides wastewater treatment for the surrounding community and its industrial and manufacturing employers. The City employs 127 full-time and 14 part-time and seasonal employees.

The City of Batavia is proud to be one of three cities in New York State that has received the Government Finance Officers Association's (GFOA) Distinguished Budget Presentation Award. Batavia has been recently recognized by the International City/County Management Association (ICMA) for its performance management efforts with a Certificate of Achievement from the ICMA Center for Performance Analytics™ and the New York Conference of Mayor's (NYCOM) as a recipient of the 2015 Local Government Achievement Award for the City's Water and Wastewater Infrastructure Renewal and Rate Plan.

Also, in 2014 ICMA recognized Batavia as a recipient of the Program Excellence Award for Strategic Leadership & Governance for the City's Strategic Business Plan. Batavia is also part of the Batavia/Genesee Micropolitan area that for the thirteenth consecutive year Site Selection Magazine recognized as one of the top micropolitans in the United States.

Overview

Batavia has experienced a decrease in population over the last decade with a 4.8% loss since 2010. The peak population of the City of Batavia was 18,210 in 1960. Many factors contribute to the decrease in population; however, Batavia is working hard to reverse this trend and attract millennials, families and retirees to the City and especially the downtown. New market rate housing projects are proposed in the City and Main Street businesses are investing in upper-floor high-end apartments. With existing housing, we are seeing a trend of increased spending in home improvements over the last year according to residential permitting data.

Not in labor force Definition- Not in labor force includes all people 16 years old and over who are not classified as members of the labor force. This category consists mainly of students, housewives, retired workers, seasonal workers interviewed in an off season who were not looking for work, institutionalized people, and people doing only incidental unpaid family work (less than 15 hours during the reference week).

Race

While the City of Batavia's population has shown a steady age decrease in its population over the past decade, The American Community Survey's 2015 estimates show a one-year decrease in the average age with population increases in every age under 44. The City will continue supporting its existing elderly population while seeking to attract and retain young families. Batavia's United Memorial Medical Center became part of the Rochester Regional Health System in late 2014. The hospital has invested over \$20,000,000 in a new surgical center, and recently constructed a \$6.5 million cancer center. As a part of this four-hospital network anchored by Rochester General Hospital, Batavia and Genesee County residents will realize expanded services and greater efficiency in healthcare delivery.

Labor Force

Batavia remains host to one-third (33%) of all jobs in Genesee County. Today, Genesee County unemployment hovers at 5%; with 22% of Batavia residents living in poverty (100% of the Batavia City School District students qualify for free or reduced lunch).

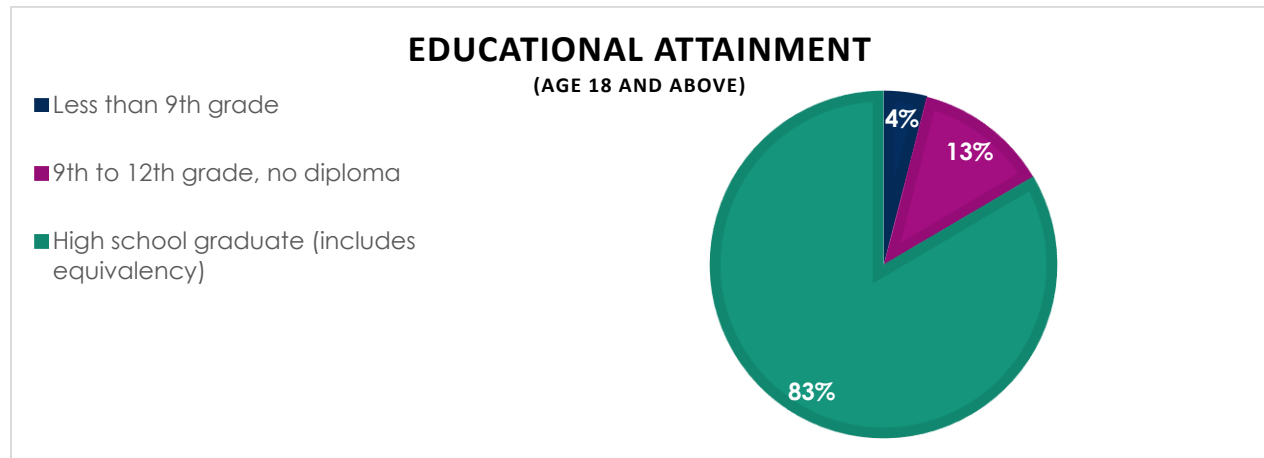

As of 2015, US Census data shows 9,425 people were employed within the Batavia city limits. Of these jobs, approximately 2,300 are filled by City of Batavia residents while 7,123 people commute to work in Batavia. It is estimated that more than 2,000 of these jobs are located within the Batavia Business Improvement District or DRI investment area.

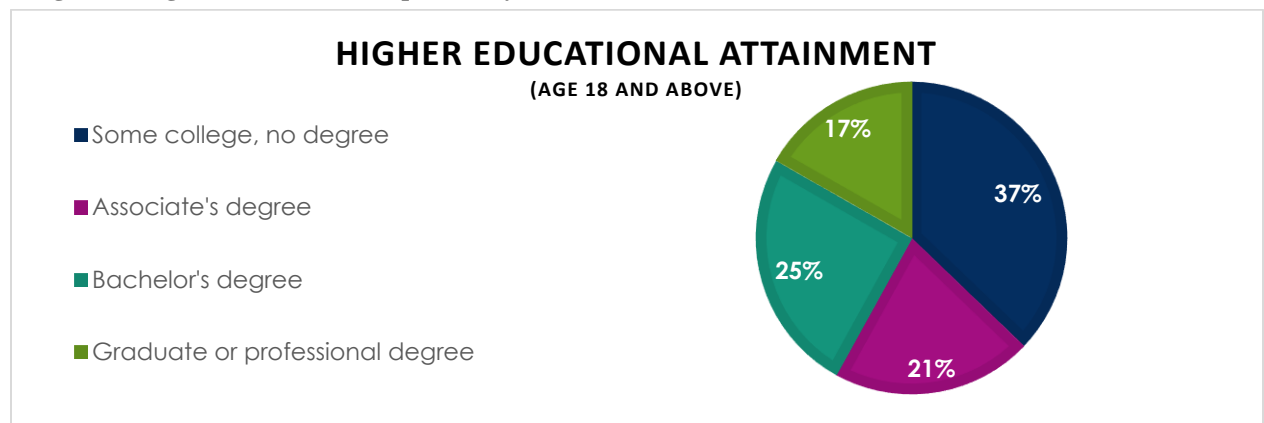

Source: US Census Bureau, On the Map- 2015 Data <https://onthemap.ces.census.gov/>

Education

83% of City of Batavia residents above the age of 18 have completed high school. Over 5,600 residents have pursued higher education, while many age 18-25 are working to complete professional degree programs and skilled trade career paths. We anticipate the number of citizens with higher college education or skilled trade certificates (post high-school) to continue to grow as STEM curriculum is readying students for high-tech and manufacturing careers in our region which continue to thrive from Rochester to Buffalo.

Less than 9 th grade	462
9 th to 12 th grade, no diploma	1457
High school graduate (includes equivalency)	9685

Some college, no degree	2,101
Associate's degree	1,179
Bachelor's degree	1,427
Graduate or professional degree	946

Educational Institutions- Higher Education

57 colleges and universities surround Batavia with more than 300,000 students enrolled. Six world class university centers serve our region including Rochester Institute of Technology, University at Buffalo, University of Rochester, Cornell University, Syracuse University, and Alfred University. Four AAU Member University Centers are in the region.

57 colleges and universities and more than 300,000 students in Western New York (WNY)

- 318,156 enrolled in 57 colleges in and around WNY (2010)
- 75,013 graduates from those 57 colleges (2010)
- 38 four-year colleges regionally
- 18 two-year colleges regionally

WNY offers several colleges specializing in manufacturing, engineering and technology

- 6 world class university centers proximate to the City of Batavia
- Rochester Institute of Technology, University at Buffalo, University of Rochester, Cornell University, Syracuse university, and Alfred University
- 4 AAU Member University Centers in region
- 5 SUNY Community Colleges in region (53,000 enrolled)
- 2 colleges (ECC, GCC) developing AAS in Nanotechnology (SEMI)
- 2 colleges (MCC, FLCC) enabling Engineering curriculum with SEMI and Mechatronics elements in collaboration with RIT

Expansive Engineering Programs regionally enables strong engineering “talent sourcing” potential

- 17,000 engineering students enrolled (6 regional university centers: 2011-12)
- 4,500 engineering degrees conferred (6 regional universities centers: 2011-12)

Income

The 2017 Median Household Income (HHI) in the City of Batavia is \$44,342. HHI has risen since 2010 when it was \$37,552 in the City. The 2017 estimated median HHI in Genesee County is \$10,000 more, standing at \$54,033.

The percentages of families below poverty level has decreased since 2010, while the percentage of individuals below poverty level has slightly increased (see chart above).

Housing

A healthy rental market has a vacancy rate of 5% to 7%. When this rate dips below 5% it indicates that demand is outstripping supply. Low rental vacancy rates are generally bad for communities because it can lead to unjustified rent increases, provide a disincentive for property owners to maintain facilities, and reduce the choice and opportunity for renters.

HOUSING OCCUPANCY

HOMEOWNER VACANCY RATE 3.7%

RENTAL VACANCY RATE 4.3%

TOTAL HOUSING UNITS	6,741
OCCUPIED HOUSING UNITS	6,079
VACANT HOUSING UNITS	662

PROPERTY TAX

One of the City's main sources of revenue is the real property tax which is levied on all commercial, industrial, residential and other non-exempt real estate. It is calculated as the product of two factors: the assessed value of property and the total tax levy.

The assessed value is equal to the full market value of taxable property. The tax rate is the number of dollars of tax on every \$1,000 of assessed value. The tax rate is calculated by first dividing the taxable assessed valuation by 1,000. Then the property tax levy is divided by the taxable property value to produce the tax rate.

The final tax rate may vary slightly due to transfers of exempt property that may occur after to adoption of the budget. Once the budget is adopted, the tax rate can be calculated, taking into account any transfers of exempt property up until that point.

YEAR	TOTAL ASSESSED VALUE	TAXABLE ASSESSED VALUE	% OF EXEMPT PROPERTIES	CITY TAX RATE	COUNTY TAX RATE	SCHOOL TAX RATE
05/06	\$683,582,762	\$463,817,133	32.15%	\$7.36	\$10.27	\$24.91

PROPERTY TAX CAP

Beginning with the City's fiscal year starting April 1, 2012, The State Legislature and the Governor enacted legislation that establishes a "property tax cap" which limits growth in the property tax levy. Under this law, the total amount to be raised through property taxes charged on the municipality's taxable assessed value of the property is capped at 2 percent or the rate of inflation, whichever is less, with some exceptions. Local communities have the ability to override the cap by passing a local law or resolution by at least 60 percent vote of the governing body in favor.

2019/2020 TAX CAP CALCULATION

5,235,634.54	City of Batavia total tax
153,200.43	Removed exemptions
1,111.85	Omitted taxes
<u>53,613.96</u>	Special District Taxes - BID
5,443,560.78	Prior fiscal year tax levy
x <u>1.0176</u>	City of Batavia Tax Base Growth Factor
5,539,367.45	
+ <u>58,570.00</u>	Prior year PILOT receivable (FY2018/2019) ACTUAL FOR 18/19 IS \$57,942.77 so far
5,597,937.45	
x <u>1.0200</u>	Tax cap inflation figure
5,709,896.20	
- <u>63,696.21</u>	PILOT receivable-up coming fiscal year (FY 2019/2020) per budget
5,646,199.99	= Tax Levy Limit
+ 18,695.00	Available carryover
+ <u>-</u>	Net of transfer of Government Function (as determined by OSC)
5,664,894.99	
+ <u>-</u>	Exclusion for court orders/judgments arising from tort (and tort only) actions for any amount in excess of 5% of the total taxes levied in the prior fiscal year
5,664,894.99	
+ <u>-</u>	Pension exclusion
<u>5,664,894.99</u>	Tax cap levy Limit
(58,000.00)	BID levy estimate
(663.14)	Omitted taxes
<u>(20,503.24)</u>	Removed exemptions
<u>5,586,391.75</u>	City's allowable property tax levy

The proposed tax levy for FY 2020 is \$5,251,607, which is less than the allowable property tax levy, not requiring an override by City Council.

IMPACT ON TYPICAL HOUSEHOLD

This information can be extended to show the effect of the property tax rate on a typical household, with an assessed valuation of \$90,000. Under this scenario, the typical household would pay the City \$806.40 in property taxes. This pays for the following non-exhaustive list of services:

- Operation of yard waste station
- Prosecution and defense of all legal suits and proceedings
- Appraisal of real property
- Animal control
- Retention of vital records
- Professional fire suppression and prevention
- Hazardous material mitigation
- Traffic enforcement and control
- Community policing and criminal investigation
- School crossing guards
- Street maintenance and repairs
- Sign maintenance and repairs
- Maintenance of storm and sanitary sewers
- Street snow removal
- Maintenance of City trees
- Street cleaning
- Beautification efforts
- Support of community wide celebrations
- Provision of safe potable water
- Code enforcement and inspection of buildings and properties
- Youth services
- Summer youth recreation program
- Maintenance and repair of parks and playgrounds
- Leaf collection
- Community and economic development efforts
- Brownfield redevelopment
- Flood management and mitigation

In addition, the City's share of total property tax can be compared to the County and the school district. For instance, the same household with a \$90,000 assessed valuation would pay \$900.90 in property taxes to Genesee County and an additional \$2,068.20 to the school district. Therefore, the City's share of the tax burden for a typical household is less than that of the County and much less than that of the school district.

Top 10 Taxpayers

Taxpayer	Taxable Assessed Value
Batavia Realty, LLC	\$11,280,000
Niagara Mohawk dba National Grid	\$10,896,938

Seneca Powers Partners, L.P.	\$4,000,000

SECTION 4

BUDGET REPORTS

Budget Summaries & Financial Overview

Introduction

The next several pages represent an overview of the entire City budget, with particular emphasis on the City's major funds: general, water & wastewater. This section provides the reader with all of the financial information they need in evaluating and considering the budget. As has been discussed, great effort has been put forth to not only understand the proposal for FY2019-2020, but the three "out years" as well. The concept of a four-year budget is important because the decisions made today will impact the City's budget tomorrow. Furthermore, this philosophy ties in well with the City Council's efforts at strategic planning and operational excellence.

This section presents reports which can be found in the next several pages.

Revenue & Expenditures

- Budget Summary by Fund Type

Revenues

- Summary of All Revenues- General Fund
Summary of All Revenues- Water and Wastewater and City Centre Fund

Expenditures

- Summary of Expenditures- General Fund
- Summary of Expenditures- Water, Wastewater and City Centre Fund
- Summary of Expenditures by Category- General Fund
- Summary of Expenditures by Category- Water, Wastewater and City Centre Fund

In addition, below the reader will find discussion on several key indicators which further breakdown the components of the City budget and the foundation from the "numbers" are derived. These are presented in graphical form. This section begins with the following description of the City's funds and fund type.

Description of Funds and Fund Type

For accounting purposes, a state or local government is not treated as a single, integral entity. Rather, a government is viewed instead as a collection of smaller, separate entities known as "funds." The governmental Accounting Standards Board's (GASB) Codification of Governmental Accounting and Financial Reporting Standards (Codification), Section 1300, defines a fund as:

A fiscal and accounting entity with a self-balanced set of accounts recording cash and other financial resources, together with related liabilities and residual equities or balances, and changed therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

All of the funds used by a government must be classified into one of seven “fund types”. Four of these fund types are used to account for a state or local government’s “governmental-type” activities and are known as “governmental funds.” Two of these funds types are used to account for a government’s “business-type” activities and are known as “proprietary funds.” Finally, the seventh fund type is reserved for a government’s “fiduciary activities.”

Basis of Budgeting

The City uses modified accrual as the basis of accounting in their financial reporting but does not use solely, the modified accrual basis of accounting for budgeting all funds. The major differences between the two is the City budgets its property tax revenue based on what it is going to levy, not based on what payments are going to be received. The City budgets its water and sewer rents based on the fees charged without accounting for payments that may not be received or payments made in the next fiscal year that are applicable to the current fiscal year. The City also does not budget for depreciation expense in its Proprietary Funds

Fund Types

The accounts of the City are organized within self-balancing funds and account groups. Each fund and account group is a separate fiscal and accounting entity for the purpose of the carrying out specific activities or attaining objectives. The funds of the City consist of the following:

Governmental Fund Types - Governmental Funds are those through which most governmental functions of the City are focused. They generally focus on how cash and other financial assets can readily be converted to cash flow in and out and the balances left at year-end that are available for spending. The acquisitions, use and balances of the City’s expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is based upon determination of financial position and changes in financial position. Four fund types are used to account for governmental-type activities. These are the general fund, special revenue funds, debt service funds, and capital projects funds. The following are the City’s Governmental Fund Types:

- **General Fund** - the principal operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is used to account for most of the day-to-day operations of the City, which are financed from property taxes and other general revenues. There can be only one general fund.
- **Capital Projects Fund** - used to account for and report financial resources to be used in the acquisition, construction, or renovation of major capital facilities or equipment.
- **Workers Compensation Fund** - houses the expenses the City experiences in providing workers compensation coverage on their employees. It is funded by contributions from the General, Water, Wastewater and City Centre Funds.
- **Health Insurance Fund** – houses the expenses the city experiences in providing a self insured health insurance product to cover their employees. It is funded by contributions from the General, Water, Wastewater and City Centre Funds.

- **Small Cities Fund** - used to account for the activity of the City's New York State Small Cities Block Grant and U.S. Department of Housing and Urban Development programs. ***This fund is not budgeted for.***
- **Special Grant Fund** – used to account for Community Development Block Grants and other federal and state grants not required to be accounted for in other funds. It also houses the business development loan fund which offers financial loans and grants to small businesses in the City of Batavia when conventional financing is unavailable. ***This fund is not budgeted for.***
- **Mall Maintenance Fund** - previously used to fund the mall concourse operations, however, as part of a settlement effective April 1, 2018, the City will have full control and maintenance responsibility of the City Centre Concourse. As a result, this fund will continue to exist only to collect prior years' accounts receivables and to pay off old liabilities. ***This fund is not budgeted for.***

Proprietary Funds – Proprietary Funds (also referred to as Enterprise Funds) are generally used to account for services for which the City charges customers (both external and internal). These funds use accrual accounting, which is the same method used by the private sector. Following are the City's Proprietary Funds:

- **Water Fund** – used to account for the operations that provide water services and are financed primarily by user charges for these services.
- **Wastewater Fund** - used to account for the operations that provide wastewater services and are financed primarily by user charges for these services.
- **City Centre Fund** – new for the 2018/2019 fiscal year, and as a result of a settlement effective April 1, 2018, the City now has full control and maintenance responsibility to the City Centre concourse. This fund will be used to account for the operations that provide maintenance and improvements to the city centre concourse, silo's and skylights and will be financed primarily by user charges for these services.

Fiduciary Fund Types- Fiduciary funds are used to account for assets held by the City in trustee or custodial capacity.

- **Private Purpose Trust and Agency Funds**- used to account for and report assets in the capacity of the trustee, custodian or agent for individuals, organizations, private organizations, other governments and/or funds. These include expendable and non-expendable trusts and agency funds. Agency funds are custodial in nature (assets equal liabilities) and do not measure results of operations. ***These funds are not budgeted for.***

City Fund Balances

Fund balance is a measurement of available financial resources and represents the difference between total assets and total liabilities in each fund. The purpose of this section is to graphically display the history of the City's fund balances for its three major funds: general, water & wastewater. To maintain the City's credit rating and meet seasonal cash flow shortfalls, the budget shall provide for an anticipated unreserved fund balance between 7% and 10% for these funds, of estimated annual expenditures.

APPROPRIATED GOVERNMENT FUNDS

Fund Balance - Appropriated Government Funds

Fund balance is a measurement of available financial resources and represents the difference between total assets and total liabilities in each fund.

General Fund	3/31/2016 balance	3/31/2017 balance	3/31/2018 balance	18/19 budgeted additions	18/19 budgeted expenditures	18/19 Assigned by council	(1)	(2)	(2)	3/31/2020 estimated balance

Discussion of 10% variances in fund balance totals

- (a) 3/31/2020 Factors that contribute to the City having a decrease in fund balance at 3/31/2020 are primarily due to the use of reserves for improvements to the ice rink in the amount of \$32,000 along with a replaced zamboni expected to cost \$125,000. In addition, the City using reserves as a required match for a Pedestrian Way sidewalk project that will be funded through the Transportation Alternative Program. Redfield Pillars, a masonry improvement project has also been planned, using reserves in the amount of \$70,000. The remainder larger planned for item the City is intending on using reserves for is the Fire Chief's 2019 Ford Explorer in the amount of \$38,500. All of these items have been budgeted for and explained in the City's budget message.

SECTION 5

FUNDS & DEPARTMENT DETAIL

FUND DESCRIPTIONS AND STRUCTURE

General Fund - the General Fund is the principal operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is used to account for most of the day-to-day operations of the City, which are financed from property taxes and other general revenues. There can be only one general fund. This fund uses modified accrual accounting.

Enterprise Fund - Enterprise funds (also known as Proprietary Funds) are generally used to account for services for which the City charges customers (both external and internal). These funds use accrual accounting, which is the same method used by the private sector. The City of Batavia has three enterprise funds: water, wastewater and city centre fund.

GENERAL GOVERNMENT SERVICES

CITY COUNCIL

The City Council is responsible for ensuring effective and responsive leadership to meet public and organizational requirements. The City's mission statement serves as a beacon for this leadership, and is exercised by direct establishment, or through governing formulation of strategic initiatives. Council leadership is also demonstrated through establishing policy decision and adopting the City's annual budget.

Major Service Activities

- Establishes policy decisions, including the enactment of Ordinances, Local Laws and Resolutions.
- Approves contracts, designed to promote a standard quality of living for the community.
- Deliberates and establishes appropriate services and operations.
- Maintains all properties, public improvements, projects or enterprises for the City.
- Appoints necessary committee and task force members and acts as the official representative for the City.

GENERAL GOVERNMENT SERVICES

OFFICE OF THE CITY MANAGER

MISSION STATEMENT

The City Manager's Office should promote an atmosphere of operational excellence in order to:

- Assist the Council in creating a vision for the community;
- Assist the City Council in placing the City's mission within the larger perspective of other municipalities, the county, the state, and the federal government;
- Show the Council that the organization is running properly.
- Assist the employees in performing at their highest levels;
- Create an environment that will encourage employees to dream, take risks, and know they are an important part of the whole;
- Become the best provider of quality public services in New York State; and
- Be highly respected by the citizens in the community.

Purpose

Promote a vibrant and affordable community for our citizens and businesses by ensuring a safe environment and by providing high quality, cost effective services. The City Manager's Office is responsible for the implementation of policies established by the City Council and the general administration, coordination and supervision of City operations. The City Manager's Office is also responsible for monitoring and managing City funds and resources.

GENERAL GOVERNMENT SERVICES

LEGAL SERVICES

Legal services includes duties performed by the City's legal counsel. The City Attorney is the primary legal counselor of the City. The City Attorney acts as legal advisor for the City, the Council, the City Manager, and all City departments, bureaus, boards, committees and commissions.

In addition legal services includes other specialized legal counselors. These other counselors include the City's labor and prosecutorial attorneys.

Major Service Activities

- Prosecutes or defends all actions, suits, and proceedings for, and on behalf of, the City
- Prepares all contracts, bonds, and other legal instruments for the City.
- Reviews and approves all bills tendered by special counsel.
- Prepares subpoenas, notices of claim, and initial pleadings related to claims against the City.
- Handles residential certiorari challenges and litigation.
- Attends closings for real property acquisitions and sales.
- Conducts in-rem tax foreclosure proceedings.
- Conducts condemnation proceedings

GENERAL GOVERNMENT SERVICES

ECONOMIC DEVELOPMENT

The Economic Development budget includes expenses associated with economic development initiatives in the City of Batavia, specifically the economic development services relationship with the Batavia Development Corporation (BDC). The BDC works to promote, encourage, attract, and develop job opportunities and economically sound commerce and industry in the City of Batavia.

Major Service Activities

- Connecting directly with existing businesses--small and large-- to understand their needs and the ability to identify activities and programs that best respond.
- Lead City efforts to pursue future Brownfield redevelopment opportunities.
- Identify key infill or major redevelopment projects that can serve as major drivers for new economic activity; work to facilitate their development.
- Carry out activities to secure and implement grant funding in support of community and economic development.

GENERAL GOVERNMENT SERVICES

COMMUNITY CELEBRATIONS

This cost center accounts for monies provided for various celebrations and festivals conducted within the City of Batavia. These celebrations provide recreational opportunities for City residents and thus, higher quality of living. In addition, the celebrations attract business to the downtown area.

Major Service Activities

- Provide funds for various celebrations and festivals which promote the City.
- Contributes to the financing of such community events as Summer in the City, Christmas in the City, and Picnic in the Park.

GENERAL GOVERNMENT SERVICES

CONTINGENCY

The contingency line item is included in the budget to provide funding for unexpected budget shortfalls or emergencies. Expenditures may not be charged directly to the contingency appropriation. The City Council must first modify the budget by transferring from the contingency appropriation to the appropriation account needing funding. Using the contingency appropriation does not increase the original budget, it reallocates funding.

DEPARTMENT OF ADMINISTRATIVE SERVICES

Purpose

Preserve and enhance the quality of life of present and future Batavia residents and serve other City departments in a manner which will improve their effectiveness and efficiency.

Mission

The Department of Administrative Services will provide the necessary information through thorough analysis in order to...

- Provide for procedural controls over city resources
- Provide information to support decisions which affect the City
- Provide for excellent customer service to both our internal and external customers
- Provide an internal control system which will provide reasonable assurance that objectives of the systems will be accomplished.

In order to accomplish our mission we must...

1. Treat all people with dignity and respect;
2. Recruit, train, develop, and competitively compensate employees;
3. Understand, plan for, and use technology for daily operations;
4. Emphasize teamwork, empowerment and cross-training;
5. Foster fairness in the distribution of the real property tax system;
6. Be effective and efficient stewards of the public's money;
7. Be committed to excellence;
8. Continually assess our operational system and search for areas of both personal and operational improvement;
9. Be sensitive and responsive to the rights of the public and its changing needs;
10. Exercise prudence and integrity in the management of City-funds and in all financial transactions;
11. Actively avoid the appearance of or the fact of conflicting interests;
12. Support or maintain the highest ethical standards;
13. Utilize the opportunities presented in audit findings to enhance the department's operations.

ADMINISTRATIVE SERVICES

The Department of Administrative Services is responsible for providing support information and assisting in the control of City resources. This includes the collection of funds, auditing financial activity, providing direction in finance and information systems related areas, assessment of City-owned property, personnel and human resources administration, risk management and insurance administration, flood mitigation and management of the City's membership in the National Flood Insurance Program and providing direct support to the City Manager's Office. This department also oversees Youth Services and the Summer Recreation Program.

Major Service Activities

- Maintain all accounting records, invest funds and invoice and collect all accounts receivable
- Consolidate the purchase of individual hardware/software systems and lead teams that recommend/purchase technological systems citywide
- Manage City's information technology vendor and budget
- Administer all personnel activities
- Establish City property taxes and assessments
- Manage insurance broker and programs and serve as the City's risk assessor
- Manage flood mitigation activities and ensure adherence to the National Flood Insurance Program and Community Rating System
- Support and oversees Youth Services and Summer Recreation Program

DEPARTMENT OF ADMINISTRATIVE SERVICES

FINANCE

The Bureau of Finance is responsible for maintaining the City's financial accounts. This bureau maintains computerized receipts, disbursements, subsidiary accounts and all financial statements for the City's general, water, wastewater, workers comp, trust, agency, small cities, city centre, health insurance funds, special grant and capital funds. The payroll process and all payroll related functions such as the issuance of bi-weekly checks, the processing of quarterly and annual Internal Revenue and Social Security Administration reports and the issuance of employee W-2 reports are performed by this bureau. This bureau is responsible for facilitating the annual financial audit and works closely with the City Manager to facilitate the budget process.

Major Service Activities

- Maintain all financial accounting records of the City
- Maintain all payroll processing and reporting related activities
- Authorize and prepare purchase orders in order to pay for City goods and services
- Financial audit facilitation
- Actively involved in the budget process

SUMMER RECREATION

This six week summer program provides recreational, cultural, education and social opportunities for young people in five outdoor City parks. In addition, this program facilitates tennis instruction to the children enrolled in the Summer Recreation Program as well as providing games and instruction to children with special needs through the Challenger Tennis Program. The City of Batavia Summer Recreation Program also partners with USTA and the Community Tennis Program to provide financial scholarships to children in need in the City of Batavia.

Major Service Activities

- Administers six week summer program to children ages 6-14
- Structured tennis programs and activities

YOUTH SERVICES

The Youth Services Program is responsible for the operation of the Youth Center and Youth Bureau. This Bureau administers the State funding for City youth programs, services and activities.

Major Service Activities

- Provide leadership development programs for youth
- Provide various activities and programs for youth

Strategic Initiatives-Program Analysis

The focus of the Youth Services program is to support programs that provide opportunities for youth to gain important life skills and core competencies, and that allow youth to have meaningful roles in their communities. Youth development initiatives benefit young people in their homes and neighborhoods, in schools, as well as in foster care and residential treatment. The goal is for all youth to reach their full potential and become healthy, productive adults.

FIRE DEPARTMENT

Mission Statement

Our mission is to professionally protect and preserve life, property and the environment and to minimize the loss, suffering and damage in our community through community partnerships, proactive prevention and education efforts, and high quality timely response.

Purpose

The City of Batavia's Fire Department is ready to respond to emergency calls 24 hours per day, 365 days per year. In addition to fire suppression, the department also provides first responder EMT-Defibrillator services, hazardous materials response, several technical rescue services, conducting public education classes, commercial fire safety inspections and multi-dwelling inspections.

Major Service Activities

- Provide all operations for the control of fire both within the City and provide assistance to fire companies outside the City
- Provide response and mitigation for hazardous material type incidents with specialized equipment
- Perform fire safety inspections for commercial structures and multi-family dwellings
- Serve as the lead agency for City emergency management activities and training
- Provide rescue response for all type of emergencies
- Conduct child safety seat training and inspections

DEPARTMENT OF PUBLIC WORKS

MISSION STATEMENT

The Department of Public Works will utilize City staff, equipment, available data, and any applicable technology to:

- Provide adequate, safe, and environmentally sound water supply, water distribution, wastewater collection, and wastewater treatment processes.
- Provide for a safe and efficient vehicular and pedestrian transportation system of streets and sidewalks.
- Provide for the proper conveyance of rainfall runoff from all City right-of-ways.
- Provide sufficient, safe parks and facilities for all citizens and visitors to the community.
- Provide basic building maintenance services to all City owned facilities.
- Provide for the administration of the NYS Building Code, Zoning Laws, Building Permits, Planning, Zoning, Historic Preservation and Property Maintenance Ordinances.

Purpose

Maintain the City's water, wastewater, drainage, and transportation infrastructure to support a vibrant and affordable community, provide recreational facilities and programs in a safe environment where citizens can live and play, and ensure the quality of residential and business structures and neighborhoods.

In order to accomplish our mission we must...

1. Treat all people with dignity and respect;
2. Maintain a working environment that promotes cooperation and understanding within the workforce;
3. Maintain all equipment in top working condition;
4. Insure that all properties and work areas are safe and sanitary for efficient utilization;
5. Provide an environment that will allow for a free exchange of ideas;
6. Understand, plan for, and use technology for daily operations.

DEPARTMENT OF PUBLIC WORKS

PUBLIC WORKS ADMINISTRATION

The Department of Public Works Administration is responsible for providing coordination to all bureaus of the Department of Public Works through leadership and support in order to ensure that all duties and functions are carried out effectively and efficiently. Public Works Administration also prepares and monitors the operating budgets, oversees the development and updating of the department's long term capital plan, provides project management for Federal, State and City infrastructure projects, serves as liaison to State and Federal agencies, and manages tasks and duties not specifically assigned to a bureau.

Major Service Activities

- Provide planning, coordination and oversight of all Public Works activities

ENGINEERING

The Bureau of Engineering coordinates the design and construction of the larger infrastructure projects that cannot be completed with City manpower and requires the consulting services of an outside engineering firm. Projects include water and sewer line replacement, street reconstruction and paving, sidewalk replacement, feasibility studies and major repairs to facilities.

Major Service Activities

- Develop and maintain maps and other records of the City's infrastructure
- Perform capital planning and analysis of the City's infrastructure
- Develop construction plans and specifications
- Administer and inspect City construction contracts

DEPARTMENT OF PUBLIC WORKS

INSPECTION

The Bureau of Inspection is responsible for enforcing all Federal, State, and local regulations intended to control and preserve the safe construction, alteration, use, and occupancy of all buildings and other structures in the City. The bureau administers the building code, zoning laws, and property maintenance ordinances that enhance the quality and attractiveness of the community.

Major Service Activities

- Review and process building permits
- Review and process zoning issues
- Enforce Batavia Municipal Code sections dealing with the maintenance of property
- Serve as main point of contact for residents needing information regarding the National Flood Insurance Community Rating System
- Oversee the activities of the Zoning Board of Appeals Planning and Development Committee, and Historic Preservation Commission

DEPARTMENT OF PUBLIC WORKS

PARKS

The Bureau of Maintenance is responsible for the maintenance and operations of all City parks, athletic fields, tennis courts, Spray Park, City Hall grounds, and other City owned green spans. This account also provides funding for tree trimming and removal of trees on City properties and efforts to beautify the City.

Major Service Activities

- Maintenance of 95 acres of City parklands
- Maintain the grounds of the Police Department, Youth Bureau, Public Works Garage, City Hall and the downtown corridor
- Operates the City's yard waste station
- Install and maintain hanging flower baskets, and banners
- Provide for tree trimming, removal and planting of new trees on City owned property
- Set-up/Breakdown for special events such as Jackson Square concerts, Summer in City, Picnic in the Park, City Market, the Ramble and more

PLANNING AND ZONING BOARDS

This cost center supports the Planning and Development Committee and Zoning Board of Appeals.

Major Service Activities

- Developing a plan to maximize the proper use of public and private lands as outlined in the Comprehensive Plan of the City
- Provide such advice as to assist the City Council in developing a strategy that interprets, plans and leads in the implementation of the land use components of the Comprehensive Plan of the City
- Review and approve or disapprove the aesthetics and architectural design on all new construction plans and/or extensive renovations to the exterior of any building within the City of Batavia, excluding industrial buildings
- With authorization of Council, the power to review and approve or disapprove site plans and plats
- Hear and decide appeals and requests for variances from the requirements of Zoning Code
- Hear and decide appeals when it is alleged that there is an error in any requirement, decision or determination made by the local administrator in the enforcement or administration of the Zoning Code

STORM SEWER

Under the direction of the Public Works, the Bureau of Maintenance is responsible for repair of City owned storm sewer lines and catch basins. The Bureau of Maintenance also provides storm sewer maintenance and inspection programs that include flushing, cleaning and televising storm sewer lines. The Bureau of Water and Wastewater operates and maintains storm sewer pumping stations where gravity sewers are collect and pump directly to an open waterway or an adjacent gravity sewer which is not as deep.

Major Service Activities

- Clean and inspect all storm sewer lines
- Repair catch basins and manholes
- Maintenance of electrical, control and pumping systems at pump stations

WATER FUND

CONTINGENCY

The contingency line is included in the budget to provide funding for unexpected events. Expenditures may not be charged directly to the contingency appropriation. The City Council must first modify the budget by transferring from the contingency appropriation to the expense account needing funding. Using the contingency appropriation does not increase the original budget, it reallocates funding.

WATER FUND

CONTINGENCY

DEPRECIATION

Depreciation is the cost of a fixed asset charged as an expense during a particular period, where the cost of the fixed asset is prorated over the estimated service life of the asset and a portion of that cost is charged to depreciation each reporting period. The entire cost of the asset is ultimately charged off as an expense.

This page intentionally left blank.

WATER FUND

ADMINISTRATION

Water Administration has the responsibility for planning, directing and coordinating Batavia's water systems. This includes maintenance of water lines, inspection and testing, customer relations, personnel management, water billing and reporting, and record keeping.

Major Service Activities

- Perform water meter readings
- Conduct water billing
- Maintain computerized records
- Review and recommend any system modifications

WATER FUND

PUMP AND FILTRATION

This account provides funding for the maintenance and operation of the Water Treatment Plant, which provides residents of Batavia with water. Proper water treatment is a highly technical, sensitive process involving intake, chemical treatment, filtration, chlorination, storage and distribution to customers. All water is treated to meet regulatory requirements of the NYSDOH and the USEPA.

TRANSFERS FOR CAPITAL PROJECTS

Water-Capital Projects includes those projects, purchases, and developments which represent a long-term or permanent improvement. For purposes of definition, capital improvements represent an undertaking that has a specific objective, can be easily distinguishable from other work being performed, has a definite beginning and end, does not occur annually, and has a total cost in excess of \$50,000 for building, and building and site improvements; or \$200,000 for infrastructure.

WASTEWATER FUND

CONTINGENCY

The contingency line is included in the budget to provide funding for unexpected events. Expenditures may not be charged directly to the contingency appropriation. The City Council must first modify the budget by transferring from the contingency appropriation to the expense account needing funding. Using the contingency appropriation does not increase the original budget, it reallocates funding.

WASTEWATER FUND

CONTINGENCY

WASTEWATER FUND

DEPRECIATION

Depreciation is the cost of a fixed asset charged as an expense during a particular period, where the cost of the fixed asset is prorated over the estimated service life of the asset and a portion of that cost is charged to each reporting period. The entire cost of the asset is ultimately charged off as an expense.

This page intentionally left blank.

WASTEWATER FUND

ADMINISTRATION

Wastewater Administration has the responsibility for planning, directing and coordinating Batavia's Wastewater systems. This includes maintenance of sewer lines, inspection and testing, customer relations, personnel management, sewer billing, reporting and record keeping.

WASTEWATER FUND

SANITARY SEWERS

The Bureau of Maintenance is responsible for the repair, preventative maintenance and inspection of all sanitary wastewater lines and manholes. The Bureau of Water and Wastewater is responsible for maintenance of pump stations and force mains. The Bureau of Water and Wastewater operates and maintains sanitary sewer pumping stations where gravity sewers collect and pump directly to an adjacent gravity sewer which is not as deep or directly to the treatment facility.

WASTEWATER FUND

TRANSFERS FOR CAPITAL PROJECTS

Wastewater-Capital Projects includes those projects, purchases, and developments which represent a long-term or permanent improvement. For purposes of definition, capital improvements represent an undertaking that has a specific objective, can be easily distinguishable from other work being performed, has a definite beginning and end, does not occur annually, and has a total cost in excess of \$50,000 for building, and building and site improvements; or \$200,000 for infrastructure.

CONTINGENCY

The contingency line is included in the budget to provide funding for unexpected events. Expenditures may not be charged directly to the contingency appropriation. The City Council must first modify the budget by transferring from the contingency appropriation to the expense account needing funding. Using the contingency appropriation does not increase the original budget, it reallocates funding.

SECTION 6

MISCELLANEOUS FUNDS

MISCELLANEOUS

CAPITAL FUND

The City's Capital Fund accounts for financial resources used for the acquisition or construction of capital facilities, other than those financed by proprietary funds and equipment purchases financed in whole or in part from the proceeds of obligations.

WORKER'S COMP FUND

The City's Worker's Comp fund is a government fund that houses the expenses the City experiences in providing worker's compensation insurance coverage on their employees. It is funded by contributions from the General, Water, Wastewater Funds and City Centre Funds.

HEALTH INSURANCE FUND

The City's Health Insurance Fund is a new fund added in FY19. This fund pays for a self-insured health insurance policy for City employees. The Health Insurance Fund is funded by contributions from the General, Water, Wastewater and City Centre Funds.

SMALL CITIES FUND

The Small Cities Fund is a governmental fund used to account for the activity of the City's New York State Small Cities Block Grant and U.S. Department of Housing and Urban Development Programs.

SPECIAL GRANT AND BATAVIA DEVELOPMENT CORPORATION FUND

The Special Grant Fund is a governmental fund that is used to account for Community Development Block Grants and other federal grants not required to be accounted for in other funds. It also houses the business development revolving loan fund which offers financial loans and grants to small business in the City of Batavia when conventional financing is unavailable. The City has an economic development services agreement with the Batavia Development Corporation, a 501(c)4, to administer the City's revolving loan fund and oversee economic development activities within the City.

MALL FUND

The Mall Fund is a government fund that has traditionally been utilized to fund the mall concourse operations. The relationship and ownership between the City and the Mall Merchants Association had been dictated by several separate contracts and agreements between the parties. The City had no responsibility in relation to budgetary matters, Mall employee matters, operations of the Mall, Mall capital improvements or projects and the City is indemnified by the Mall for negligent action by the Mall. The City's responsibility was to prepare and forward to each mall merchant a maintenance bill annually and collect unpaid mall maintenance charges in the same manner as provided by law for the collection of unpaid real property taxes. In addition, the City provided accounting services related to the mall maintenance budget. New to this budget year, however, as part of a settlement effective April 1, 2018, the City will have full control and maintenance responsibility of the City Centre Concourse. As a result, this fund will continue to exist only for the purposes of collecting prior years' accounts receivables and paying off liabilities. It is anticipated that the duration of this fund's existence will extend through the 2019/2020 fiscal year.

BUSINESS IMPROVEMENT DISTRICT FUND

The Business Improvement District (BID) Fund was re-established this fiscal year by City Council resolution at the recommendation of the New York State Office of the State Comptroller as a result of an audit performed in the City in the 17/18 fiscal year. This fund will be utilized to take custody of BID charges levied along with excess charges levied in previous years. Those funds will be maintained in the BID Fund where the City will account for receipts and disbursements properly.

This Page intentionally left blank.

SECTION 7

CAPITAL & DEBT

CAPITAL IMPROVEMENTS

CAPITAL IMPROVEMENT PLAN

Following is the City's Capital Improvement Plan for FY 17/18 and future years projected beyond that. Included in the plan are capital expenditures and capital projects. They are defined as follows:

Capital expenditures are defined in the City's financial statements as asset acquisitions that are added to the capital asset accounts. Capitalization thresholds are as follows:

Asset	Capitalization	Useful life
Buildings	\$50,000	25-50 years
Building & site improvements	\$50,000	10-50 years
Infrastructure	\$200,000	25-50 years
Furniture/ Equipment	\$5,000	3-20 years
Vehicles	\$20,000	3-5 years

It is important for the City to maintain an adequate balance between contributions to capital improvements and non-capital expenditures. Both capital and non-capital expenditures play an important role in the long-range financial health of the City and both must be planned for, implemented, and controlled with equal care to prevent them from precipitating future financial crises.

Although the importance of maintaining a balance between capital and non-capital is an easily understood concept, the application of this concept is more difficult. As has been discussed, the City is experiencing challenges in revenue while still seeking to maintain its capital base as well as fund increasing operating

expenditures. Quite obviously, this situation and environment makes it difficult to maintain an adequate balance between the capital and non-capital expenditures.

Due to the aforementioned situation, it will become increasingly difficult to meet the necessary resources or funding for capital expenditures. However, time and effort has been put into identifying the City's needs with the idea that difficult decisions will have to be made in order to address the City's capital needs. It is true that a plan with no funding is much less effective.

In the near future, it is anticipated that discussions will be taking place at the City Council level regarding funding mechanisms for addressing the City's capital needs.

Nonetheless, even without adequate funding, the needs do not disappear and we must be aware of the City's needs; therefore, the City's capital plan is presented on the following page.

As outlined in the City's Strategic Plan, the City has developed capital improvement plan for all City facilities. Currently the City is evaluating the Police Station and if or what level of improvements maybe be needed for the facility.

Any remaining buildings will have a capital plan developed in future years. It is the City's goal to develop and fund capital plans for all City facilities.

Capital Plan Impact on Operations. Included in each capital plan is the expected cost of improvements, impacts on the general fund and use of reserve funds. Below are definitions used in each capital plan.

Total: This is the total annual cost of the capital expenditure for the respective year.

Budget Contribution: This is the total impact on the operating budget not including use of reserve funds.

Reserve Expenditure: This is the amount of reserve funds that will be needed to complete the respective capital expenditure.

Reserve Balance: This is the estimated reserve balance following capital expenditures.

Following each capital plan is an explanation of sources and uses for each plan and future expectations and impacts on operating budgets. The water and sewer capital plans utilize a combination of long-term debt service and reserve funds for completing each capital plan.

Capital & Debt Impact

The proposed capital projects for FY20 will impact debt service, since a BAN (bond anticipation note) will be needed to support the capital projects for cashflow purposes until grant reimbursements are received. The replacement of a CAT Loader will be financed with a seven year municipal lease and will increase lease payments by \$29,000; however, the Vac Con vacuum truck lease will be paid in full 4/1/2019 so the net impact should be 0.00. This capital purchase will provide for less repairs and maintenance on the vehicle. The sidewalk and street construction projects, funded by federal and state grants, will correct deficient or faulty infrastructure as well as gain ADA compliance with pedestrian crossings. This should have little to no impact on the operating budget other than minimize long-term general liability risk. Facility improvements will all be funded with existing reserve funds and will replace aging infrastructure. This may have some positive impact on future energy efficiencies.

PARKING LOT PLAN

Project	Near	Near	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23
Dwyer Stadium	Bank		\$10,767					
Mac Arthur Park	Tennis Courts		\$5,127					
City Centre Front	Main	Jefferson	\$609					
Jefferson	PO Short Term	Jefferson	\$2,139					
Williams Park	Sports Court		\$4,006					
Williams Park	Tennis Court		\$1,964					
Lambert Park	Hillcrest	Verona	\$1,282					
Southside	Liberty	Southside	\$4,631					
East Mall	Alva	Bank		\$125,904				
Center Street	Center	E.Main				\$24,207		
Kanale Lot	Ellicott	Central				\$5,202		
Lions Park-Main	Wallace					\$9,854		
Alva Lot	Alva	Bank				\$57,248		
Williams Park	Parking						\$37,435	
Court Street	School	Center						\$115,522
Total			\$30,524	\$125,904	\$0	\$57,248	\$37,435	\$115,522
Budget Contribution			\$39,952	\$35,000	\$0	\$58,415	\$66,301	\$75,252
Reserve Expenditure			\$0	\$90,000	\$0	\$0	\$0	\$40,270
Reserve Balance			\$85,940	\$26	\$12,205	\$13,375	\$42,241	\$1,971

THE PARKING LOT/SPORTS SURFACE MANAGEMENT PLAN IS FUNDED WITH ANNUAL CONTRIBUTIONS FROM THE CITY'S GENERAL FUND. THE RESERVE FUND RECEIVES SMALL ANNUAL CONTRIBUTIONS FROM REVENUE GENERATED FROM DOWNTOWN OVERNIGHT PARKING PERMITS AND DUMPSTER PERMITS. WITHOUT THE ANNUAL GENERAL FUND BUDGET CONTRIBUTION, THE OUTLINED CAPITAL WORK WOULD HAVE TO BE FINANCED WITH GENERAL OBLIGATION BONDS OR WOULD NOT BE ABLE TO BE COMPLETED.

FACILITY CAPITAL PLAN

	Project	2018-19	2019-20	2020-21	2021-22
Dwyer Stadium	Lease Commitment		\$25,000		
	Roof at Main Building/Dugouts	\$100,000			
	Inside Lights T-8 Fixtures	\$3,000		\$2,000	\$2,000

	Total	\$24,200	\$18,000	\$42,150	\$21,300
FD & BOM	Fire Station Upgrades		\$520,000		
	Bureau of Maintenance Upgrades		\$640,000		
	Total		\$1,160,000		
	Reserves Expenditure	\$125,300	\$1,465,800	\$119,450	\$95,600

1. **THE DWYER STADIUM CAPITAL PLAN** IS FUNDED WITH THE EXISTING BALANCE FROM THE RESERVE FUND. AFTER THE **FY20** CAPITAL EXPENDITURES THE RESERVE FUND BALANCE IS EXPECTED TO BE APPROXIMATELY **\$59,297**. AS SEEN IN SUBSEQUENT YEARS, IF THE RESERVE FUND IS NOT FUNDED WITH SURPLUS OR ONE-TIME REVENUES, AND THE CITY CONTINUES NOT TO APPROPRIATE AN ANNUAL BUDGET CONTRIBUTION, THE CAPITAL EXPENDITURES OUTLINED IN FUTURE YEARS WOULD HAVE TO BE FINANCED WITH GENERAL OBLIGATION BONDS, BE INCLUDED IN THE GENERAL FUND OPERATING BUDGET OR WOULD NOT BE ABLE TO BE COMPLETED.
2. **THE ICE RINK CAPITAL PLAN** IS FUNDED WITH ANNUAL LEASE PAYMENTS FROM THE OPERATOR OF THE ICE ARENA WHICH ARE PAID TO THE CITY AS OUTLINED IN THE LEASE AGREEMENT. THE CURRENT LEASE AGREEMENT EXPIRES **3/31/2021** AND FUTURE LEASE PAYMENTS ARE EXPECTED TO CONTINUE AT A MINIMUM OF **\$22,500** ANNUALLY. ANNUAL LEASE PAYMENTS PROVIDE SUFFICIENT FUNDS FOR FUTURE CAPITAL IMPROVEMENTS. THERE ARE NO ADDITIONAL BUDGET CONTRIBUTIONS THAT FUND THE RESERVE FUND OTHER THAN REVENUE FROM ANNUAL LEASE PAYMENTS. **NOTE: FY20** IDENTIFIES THE REPLACEMENT OF THE EXISTING ZAMBONI. WHILE NOT SHOWN IN THE CAPITAL PLAN, HISTORICALLY THE CITY HAS PURCHASED THE ZAMBONI AND THE ICE ARENA OPERATOR HAS PAID THE CITY THE COST OF THE ZAMBONI OVER THE FOLLOWING TEN YEARS.
3. **THE CITY HALL CAPITAL PLAN** WAS CREATED TO PLAN OUT FUTURE IMPROVEMENTS. CITY HALL IS CURRENTLY **14** YEARS OLD AND REGULAR CAPITAL IMPROVEMENTS WILL CONTINUE TO KEEP THE BUILDING LOOKING AND PERFORMING AT HIGH LEVELS.
4. **THE FIRE STATION AND BUREAU OF MAINTENANCE CAPITAL IMPROVEMENTS** INCLUDE UPGRADES FOR **HVAC, GENERAL & PLUMBING, ROOFING AND ELECTRICAL IMPROVEMENTS**. NEITHER FACILITY HAS HAD BUILDING MAINTENANCE IMPROVEMENTS FOR MORE THAN **20** YEARS. IT IS RECOMMENDED THAT THESE IMPROVEMENTS TAKE PLACE IN **FY20** UTILIZING RESERVE FUNDING OR GENERAL OBLIGATION BONDS.

EQUIPMENT REPLACEMENT PLAN

Equipment Name	Age at Replacement	Department	2018-19	2019-20	2020-21
ASV-Skid-Ster	13	Public Works		\$62,100	
6 Wheel Plow	226	Public Works	\$226,000		
Chevy Pickup	20	Public Works	\$32,100		
Marked Police Car	3	Police Department	\$35,500		
Marked Police Car	4	Police Department	\$35,500		
Int. Harvester Tractor	37	Public Works		\$53,200	
Marked Police Car	4	Police Department		\$36,500	
Marked Police Car	3	Police Department		\$36,500	
CAT Loader	25	Public Works			\$247,600
Marked Police Car	4	Police Department			\$37,500
Marked Police Car	3	Police Department			\$37,500
	Total		\$379,00	\$126,200	\$322,600
	DPW Reserve Expenditure		\$40,000	\$115,300	\$247,00
	Sewer Equipment Reserve Expenditure		\$0	\$0	\$0
	Water Equipment Reserve Expenditure		\$0	\$0	\$0
	Police Equipment Reserve Expenditure			\$10,000	\$10,000

THE EQUIPMENT REPLACEMENT PLAN (ERP) IS FUNDED BY SEVERAL SOURCES WHICH INCLUDE ANNUAL BUDGET CONTRIBUTIONS TO RESERVE FUNDS, ANNUAL BUDGET CONTRIBUTIONS IN THE GENERAL FUND AND USE OF CAPITAL RESERVE FUNDS. THE EQUIPMENT RESERVES IN THE GENERAL FUND (DPW AND POLICE) ARE PRIMARILY FUNDED WITH ANNUAL SURPLUSES AND ONE-TIME REVENUES. AS ILLUSTRATED ABOVE, ADDITIONAL FUNDING IN ALL GENERAL FUND EQUIPMENT RESERVE FUNDS WILL BE NEEDED TO CONTINUE REPLACING EQUIPMENT PER THE ERP SCHEDULE, OTHERWISE CAPITAL EXPENDITURES OUTLINED IN FUTURE YEARS WOULD HAVE TO BE FINANCED WITH GENERAL OBLIGATION BONDS, MUNICIPAL LEASING, BE INCLUDED IN THE GENERAL FUND OR WOULD NOT BE ABLE TO BE COMPLETED.

WATER CAPITAL PLAN

Total Estimated Cost			\$2,658,491	\$1,981,931	\$1,210,745	\$0	\$360,380	\$1,097,091	\$2,473,993	\$1,371,120	\$228,335	\$0
*The Town has purchased treatment capacity under an agreement with the City and is responsible for 15% of the costs associated with improvements at the Central Pump station and Wastewater Treatment Plant ** The estimated total City cost is based on 2014 dollars and is inflated 3% annually based on the anticipated schedule Indicates that design will be completed the previous year												

THIS PLAN HAS BEEN ADJUSTED TO COMPLETE A SEWER RE-LINING PROJECT IN FY20 WITHIN ALLOWANCE FOR LARGER PROJECTS REQUIRING FINANCING TO BE CONSOLIDATED INTO FY21. THE SEWER FUND HAS CONSIDERABLE CASH AVAILABILITY AS THE WASTEWATER PLANT DEBT SERVICE EXPIRED IN 2010. AS A RESULT THE FUND HAS CONSIDERABLE LONG-TERM DEBT CAPACITY AND THE ABILITY TO SUPPORT SIGNIFICANT CONTRIBUTIONS TO RESERVE FUNDS FOR FUTURE CAPITAL PROJECTS WITHOUT IMPACTING THE SEWER RATE. IN ADDITION, INCREASING SEWER FLOWS FROM THE TOWN OF BATAVIA HAVE SUPPORTED A LEVEL SEWER RATE.

DEBT SERVICE

CONSTITUTIONAL DEBT LIMIT

In New York State, Constitutional debt limits exist that impose constraints on the amount of debt that a local government can incur. The debt limit for the City of Batavia is a percentage (9%) of the five-year average full valuation of taxable property within a municipality. Debt issued for the purpose of water supply and distribution and certain types of short term borrowings are excluded from the debt limit. In addition, a municipality can apply for exclusions from the limit for debt related to sewer projects and for certain types of self-liquidating debt. For the fiscal year ending March 31, 2019, the City's constitutional debt limit was \$51,046,336. The City's principal debt from 2018 through 2038 General Fund currently totals \$7,705,305.

TYPES OF CITY DEBT

EFC- San Sewer - Issued 7/29/1999 in the amount of \$7,925,000. Impacts Sewer Fund. Used to fund sanitary sewer upgrades. Refunded in 2010. Payment in full expected 4/15/2019.

Municipal Lease - Entered into 11/2012 in the amount of \$283,716. Impacts General, Water and Sewer Fund. Used to purchase a Vac Con vacuum truck. Payment in full expected 4/1/2019.

Landfill, etc. – Issued in 2005 in the amount of \$1,795,000. Impacts General Fund. Used for closing the Batavia landfill site, vehicles and recreation equipment, Dwyer Stadium Lighting improvements, and Batavia City Centre. Payment in full expected 11/1/2020.

City Centre – Issued 11/2005 in the amount of \$3,600,000 Series A and \$875,000 Series B. Impacts General, Water and Sewer Funds. Used for the construction of City Hall. Refunded in 2014. Payment in full expected 11/1/2035.

Dwyer/BID – Issued in 2001 in the amount of \$2,859,000. Impacts General Fund. Used for Dwyer Stadium and for the Business Improvement District. Refunded in 2011. Payment in full of BID debt was 8/1/2016. Payment in full for Dwyer Stadium expected 8/1/2020.

Energy Lease – Entered into 11/24/2006 in the amount of \$1,235,225. Impacts General, Water and Sewer Funds. Used for energy conservation facility improvement measures. Payment in full expected 11/24/2022.

Vine & Elm Bond – Issued 10/2017 in the amount of \$1,400,000. Impacts Water and Sewer Funds. Used for Water and Sewer System Improvements on Vine and Elm Streets. Payment in full expected 10/1/2038.

Sludge/Washington/Roof – Issued 5/2017 in the amount of \$2,976,000. Impacts and Sewer Funds. Used for Water and Sewer Plant Improvements, Water Sewer System Improvement on Washington. Payment in full expected 5/1/2033.

Municipal Lease – Entered into 6/2016 in the amount of \$181,072.99. Impacts General Fund. Used to purchase 2016 International 7600 SBA 6 x 4 20. Payment in full expected 12/1/2022.

Loader – Bond entered into 6/2018 in the amount of \$195,500. Impacts General Fund. Used to purchase a 2018 Caterpillar 938 M. Payment in full expected 6/1/2025.

BAN (Bond Anticipation Note) – Issued 5/2018 in the amount of \$4,100,000 at 2.5%. Impacts General and Capital Funds. Used for project cash flow for a Transportation Improvement project \$2,550,000 and for a Healthy Schools Transportation Alternative sidewalk project \$800,000; and to purchase an integrated software system \$750,000. Intention is to pay off \$3,350,000 in May, 2019 and re-issue \$750,000 for new financial and operations software.

SECTION 8

GLOSSARY

ACRONYMS AND DEFINITIONS

AED	Automated External Defibrillator – a portable electronic device that checks the heart rhythm and can send an electric shock to the heart to try to restore a normal rhythm.
AFSCME	American Federation of State, County and Municipal Employees – the nation’s largest and fastest growing public services employees union with more than 1.6 million working and retired members.
AIM	Aid and Incentive to Municipalities – state aid provided to all of New York’s cities (other than New York City), towns and villages.
Amortization	The gradual reduction of a financial commitment according to a specified schedule of times and amounts.
Appropriation	The legal authorization granted by the Common Council to make expenditures and to incur obligations.
APWA	American Public Works Association is a not-for-profit, professional association of public works agencies, private companies, and individuals dedicated to promoting professional excellence and public awareness through education, advocacy and the exchange of knowledge.
Assessment Roll	The official list containing the legal description of each parcel of property and its assessed valuation
Assigned Fund Balance	Amounts of fund balance that are constrained by the government’s intent to be used for specific purposes, but are neither restricted nor committed, except for stabilization arrangements.
Balanced Budget	The total of revenues, other financing sources and appropriation of fund balance equals the total of appropriations/expenditures and other financing used in governmental funds.
BAN	Bond Anticipation Note – Short-term interest-bearing notes issued by a government in anticipation of bonds to be issued at a later date. The notes are retired from the proceeds of the bond issue to which they are related. The City does not issue revenue and tax anticipation notes which are repaid exclusively from taxes or earnings from an enterprise fund.
BDC	Batavia Development Corporation is an organization that works to promote, encourage, attract, and develop job opportunities and economically sound commerce and industry in the City of Batavia.
BID	Business Improvement District – a defined area within which businesses pay an additional tax or fee in order to fund improvements within the district’s boundaries.
BOA Program	Brownfield Opportunity Area Program was established by the Superfund/Brownfield Law in October 2003. The program provides resources to New York communities to establish effective revitalization strategies that return dormant and blighted parcels into productive, catalytic properties.

Bond	A written promise to pay a specified sum of money at a specified date or dates in the future.
Budget	A financial work plan embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.
Capital Expenditures	Expenditures which result in the acquisition of, or addition or improvements to, City facilities.
Capital Project	A major physical improvement such as construction, acquisition, technology enhancement, and/or infrastructure improvement that adds value to the physical assets of a government or significantly increases the useful life of an asset. Can also refer to building and construction of a new government asset.
CBA	Collective bargaining agreement – a legal contract between the employer and an authorized representative of a recognized bargaining unit for specific terms and conditions of employment.
CD	Certificate of Deposit – a savings certificate with a fixed maturity date, specified fixed interest rate and can be issued in any denomination aside from minimum investment requirements.
CDBG Program	Community Development Block Grant Program is a flexible program that provides communities with resources to address a wide range of unique community development needs. The CDBG program provides annual grants on a formula basis to 1209 general units of local government and States.
CFA	Consolidated Funding Application was created to streamline and expedite the grant application process. The CFA process marks a fundamental shift in the way New York State resources are allocated, ensuring less bureaucracy and greater efficiency to fulfill local economic development needs.
CHIPS	Consolidated Local Street and Highway Improvement Program – A New York State local aid program designed to improve the physical condition of local streets and bridges.
CIP	Capital Improvement Plan – a five to ten year plan outlining capital projects, the estimated expense for each project and the resources needed to complete the projects along with a time line of when the projects are to be completed.
City Centre	Previously the Genesee Country Mall, the building is now referred to as the City Centre and is also a new Enterprise Fund for the City of Batavia.
CO	Carbon Monoxide – a colorless, odorless, and tasteless gas that is slightly less dense than air.
Committed Fund Balance	Amounts of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority.

Contingency	An appropriation of funds to cover unforeseen events that occur during a fiscal crisis to address unfunded mandates, revenue shortfalls and other similar events.
Council Person-At-Large	A designation given to three City council people who represent the City as a whole vs. representing a City ward.
Clark Patterson and Lee Engineers (CPL)	An architecture, engineering and planning firm headquartered in Rochester, NY.
CPR	Cardiopulmonary Resuscitation – a lifesaving technique useful in many emergencies, including heart attack or near drowning, in which someone’s breathing or heartbeat has stopped.
CPSE	Center for Public Safety Excellence is a not-for profit corporation and is a primary resource for the fire and emergency profession to continuously improve services, resulting in a higher quality of life for communities.
CRS	Community Rating System – The National Flood Insurance Program’s Community Rating System is a voluntary incentive program that recognizes and encourages community floodplain management activities that exceed the minimum National Flood Insurance Program’s requirements.
CSEA	Civil Service Employees Association – a labor union in the State of New York that represents employees in state and local government, as well as school districts, childcare, and the private sector.
DbA	Doing Business As
Debt	An obligation resulting from the borrowing of money. The City’s debt includes bonds and bond anticipation notes.
Debt Limit	The maximum amount of debt which is legally permitted. The City of Batavia’s limit is 9% of the average of the full valuation of assessable property within the City for the past five years.
Debt Service	Payment of principal and interest on borrowed money according to a predetermined payment schedule.
Deficit	A negative fund balance. The excess of an entity’s liabilities over its assets or the excess expenses over revenues during a single accounting period.
Department	An operational unit of City government.
Depreciation	1 – Expiration in the service life of fixed assets (buildings, machinery, equipment, etc.) attributable to normal wear and tear. 2 – The proportion of the cost of a fixed asset which is charged as an expense during a particular period.
DOS	Disk Operating System
DOT	Department of Transportation

Downtown Revitalization Initiative (DRI)	A comprehensive approach to boosting local economies by transforming communities into vibrant neighborhoods where the next generation of New Yorkers will want to live, work and raise a family, launched by Governor Andrew Cuomo
DPW	Department of Public Works
Encumbrance	A contingent liability, contract, purchase order, payroll commitment, tax payable or legal penalty that is chargeable to an account. It ceases to be an encumbrance when paid out or when the actual liability amount is determined and recorded as an expense.
Enterprise Fund	A fund, such as the Water Fund, whose operations are financed in a manner similar to a private business in which the cost of providing goods or services is recovered through user charges.
Environmental Facilities Corporation (EFC)	A New York State entity authorized to sell debt for approved municipal projects and to provide a subsidy that reduces the cost of the debt issue to the municipality until the debt is retired.
EPA	Environmental Protection Agency – an agency of the Federal government of the United States which was created for the purpose of protecting human health and the environment by writing and enforcing regulations based on laws passed by Congress.
Enterprise Resource Planning (ERP)	A business process management software that allows an organization to use a system of integrated applications to manage the business and automate many back office functions related to technology, services and human resources.
ERS	Employees’ Retirement System – the local retirement system that offers services for the public members, retirees and employers of New York State.
Expense	The cost for goods or services
FASB	Financial Accounting Standards Board – an independent, private-section, not-for-profit organization that establishes financial accounting and reporting standards for public and private companies and not-for-profit organizations that follow generally accepted accounting principles.
FEMA	Federal Emergency Management Agency – an agency of the United States Department of Homeland Secretary whose primary purpose is to coordinate the response to a disaster that has occurred in the United States and that overwhelms the resources of local and state authorities.
Fiduciary Fund	A fund used to account for assets held by the City in trustee or custodial capacity
Fiscal Year	A 12-month period to which the annual operation budget applies. In Batavia, the fiscal year runs from April 1 through March 31.
Fixed Assets	Assets of long-term nature intended to continue to be held or used. Examples are: buildings, land, machinery, future and other equipment.

FOIL	Freedom of Information Law that allows members of the public to access records of governmental agencies. It provides a process for the review and copying of an agency's records.
FTE	Full Time Equivalent – a full-time position or a part-time position converted to the equivalent of a full-time position based on 2,080 hours per year (or a variation relative to the contract agreed upon for that classification). For example, a part-time employee working for 20 hours per week would be the equivalent of a .5 of a full-time position.
Full Valuation	The valuation of assessable property with the City of Batavia which is calculated by applying a State Equalization Rate for the purpose of “equalizing” assessment practices statewide. Full valuation is the basis of computing the City's debt and taxing limits.
Fund	A fiscal and accounting entity used to control and account for the use of government resources.
Fund Balance	Governmental funds are, in essence, accounting segregations of financial resources. Expendable assets are assigned to various governmental funds accounting to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are to be paid; and the difference between governmental fund assets and liabilities, the fund equity is referred to as fund balance.
GAAP	Generally Accepted Accounting Principles – a widely accepted set of rules, standards, conventions and procedures for reporting financial information as established by the Financial Accounting Standards Board.
GASB	General Accounting Standards Board- the source of generally accepted accounting principles used by state and local governments in the United States.
General Fund	The general fund should be used to account for and report all financial resources not accounting for and reported in another fund.
GFOA	Government Financial Officers Association - a professional association of state, provincial and local finance officers in the United States and Canada, headquartered in downtown Chicago, provides consulting services, maintains publications, sponsors award programs and scholarships and offers training opportunities to municipalities.
GHD	Engineering consultant in Buffalo, NY. An international network of engineers, architects and environmental scientists serving clients in the global markets of water, energy and resources, environment, property and buildings, and transportation.
GML	General Municipal Law
GO ART!	Genesee-Orleans Regional Arts Council – an organization dedicated to developing the cultural life in Genesee and Orleans Counties by facilitating the creation, presentation and experience of art, heritage and traditions.
Governmental Fund	Funds that include most governmental functions.

Grant	A contribution by a government or other organization to support a particular function and/or purpose. Grants may come from other governments (Federal, State) or from private donors.
Habitat for Humanity	Partners with people in the community to help building or improvement a place they can call home.
HHI	Household Income
HPC	Historic Preservation Commission
HUD	U.S. Department of Housing and Urban Development – oversees home ownership, low-income housing assistance, fair housing laws, homelessness, aid for distressed neighborhoods and housing development, free from discrimination.
IAFF	International Association of Firefighters, Local 896 – a labor union representing professional fire fighters and emergency medical services personnel in the United States and Canada.
ICMA	International City/County Management Association – a professional and educational association for appointed local government administrators throughout the world.
ICS	Incident Command System – a standardized approach to the command, control, and coordination of emergency response providing a common hierarchy within which responders from multiple agencies can be effective.
IDA	Industrial Development Agency
Infrastructure	Government facilities no which the continuance and growth of a community depend on such as roads, bridges and similar assets that are immovable.
In-rem	A legal term describing the power a court may exercise over property
Interest	The fee charged by a lender to a borrower for the use of borrowed money, usually expressed as an annual percentage of the principal; the rate is dependent on the time value of money, the credit risk of the borrower, and the inflation rate.
Issue	A bond offered for sale by a government.
KIO	Key Intended Outcomes
KVS	(Knowledge, Value and Service) Specialized municipal financial software system
Levy	A fixed rate for services that is imposed by a government to support its operations.
Lexipol	Policy Management Software for public safety – provider of state-specific policies and verifiable policy training for public safety organizations.
Liability	Debt or other legal obligation arising out of a past transaction that must be liquidated, renewed, or refunded at some future date. This term does not include encumbrances.

Long-Term Debt	Debt with a maturity of more than one year
Micropolitan	An urban area with a population between 10,000 and 50,000; a small city
Modified Accrual Basis of Accounting	The method of accounting under which revenues are recognized in the period that they become available and measurable. Expenses are recognized at the time a liability is incurred pursuant to appropriation authority.
Net position	In Proprietary funds, the difference between the assets and the liabilities plus or minus the net position of the fund from the prior year. The total amount is the net position of the fund. The assets are the operating revenues and the non-operating revenues. The liabilities are the operating expenses and non-operating expenses.
Niagara Falls Water Board (NFWB)	An active member of the Western New York Stormwater Coalition, an association of several Erie County and Niagara County communities who pool their resources to achieve proper management of their stormwater.
NIMS	National Incident Management System – a systematic, proactive approach to guide departments and agencies at all levels of government, nongovernmental organizations, and the private sector to work together seamlessly and manage incidents involving all threats and hazards.
NYCOM	New York State Conference of Mayors & Municipal Officials – an organization that coordinates state legislative advocacy efforts and provides municipalities with legal and technical assistance on many issues and challenges municipalities face. In addition, they maintain a database of sample local laws as well as PILOT and franchise agreements and other agreements from municipalities across the state.
NYS	State of New York
NYSDCJS	New York State Division of Criminal Justice Services
NYSDEC	New York State Department of Environmental Conservation
NYSDOH	New York State Department of Health
NYSRSSL	New York State Retirement and Social Security Law
OPEB	Other Post Employee Benefit
Operating Budget	The annual spending plan for the daily, recurring operating costs of the government.
Ordinance	A formal legislative enactment by the Council having the full force of effect of law. The budget is adopted by ordinance.
OSC	Office of the State Comptroller

Pathstone	A private, not-for-profit community development and human service organization dealing with workforce development, education and health, community development and housing services.
PBA	Police Benevolent Association – a law enforcement labor union representing the interests of members of the New York State Agency Police Services Unit.
PCI	Pavement Condition Index
PD	Police Department
PDC	Planning and Development Committee
PFRS	Police and Fire Retirement System - the local retirement system that offers services for the public members, retirees and employers of New York State who are police officers or fire fighters.
PILOT	Payment in Lieu of Taxes – agreements between the taxing entity and the taxpayer whereby a negotiated payment is substituted for the property tax. PILOTs are usually for a fixed period of time and are often used in conjunction with private/public development projects.
Policy	A principle used to guide a managerial, operational, or financial decision.
PPU	Period of Probable Usefulness – an estimation of the expected life of a capital improvement project. These are generally determined by State statute.
Principal	The original amount borrowed through a loan, bond issue or other form of debt.
Pro Tempore	The person who acts as a place holder in the absence of the President of the Council.
Proprietary Fund	A Fund used to account for services for which the City charges customers. This fund uses accrual accounting, which is the same method used by the private sector.
Refunded bond	Bonds issued to retire outstanding bonds that have a higher interest rate. Typically done to effect net present value savings.
Reserves	A portion of fund equity (set-aside) legally restricted for a specified purpose or not available for appropriation and subsequent spending.
Resolution	An order of the council requiring less legal formality than an ordinance.
Restricted Fund Balance	Amounts of fund balance that are restricted to specific purposes. Fund balance should be reported as restricted when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, or contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.
Retained Earnings	An equity account which records the accumulated earnings of an enterprise fund.

Revenue	The taxes, fees, charges, special assessments, grants, and other funds collected and received by the City to support its services and/or capital improvement projects.
RFP	Request for Proposal
RFQ	Request for Qualifications
STAMP	Western New York Science and Technology Advanced Manufacturing Park – a development of New York State’s second shovel-ready mega site designed for nanotech-oriented manufacturing (semiconductor, flat panel display, solar/PV), advanced manufacturing, and large scale bio-manufacturing projects.
Surplus	The amount by which the government’s total revenues exceed its total outlays in a given period, usually a fiscal year.
SWOT	Strengths, Weaknesses, Opportunities and Threats
Tax	Compulsory charge levied to finance services performed by the government for the benefit of the community (citizens, businesses, etc.).
Tax Certiorari	The legal process by which the courts review a real property assessment. Generically speaking, it encompasses the entire assessment review process from filing a grievance complaint with the local Board of Assessment review through judicial review of the assessment.
Tax Levy	The resultant product when the tax base multiplies the tax rate per \$1000.
Taxing Limit	The maximum rate at which the city may levy a tax. In New York State, the taxing limit is 2% of the average of the full valuation of assessable property within the City for the past five years.
UMMC	United Memorial Medical Center a 131-bed hospital in Batavia featuring a new state-of-art surgical department, a wound care center, a telemedicine program for intensive care, a Joint Replacement Center of Excellence, two urgent care centers and a number of primary and specialty physician offices.
Unassigned Fund Balance	Unassigned fund balance is the residual classification for the general fund. The classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.
Variance	The difference between the budget and actual. The effort in government is to stay within budget and to avoid unfavorable variances, that is, where the actual collection or expense is out of line with the budget.
Vision	A long term goal which indicates the intent of the government and what it wants to achieve.
VLT	Video Lottery Terminal

Year End	This term is used to reference the end of the City's fiscal year, March 31.
ZBA	Zoning Board of Appeals
Zombie Properties	Property that is boarded up and/or in a state of disrepair and/or property left vacant by homeowners
Zoning	Areas of land are divided by appropriate authorities into zones which various uses are permitted. It is a technique of land
WWTP	Wastewater Treatment Plant where human waste, solid waste and stormwater is managed.
