A State of Emergency is hereby declared in the City of Batavia, New York for a period of time beginning at 4:30 p.m. on March 17, 2020 and continuing in effect for a period not to exceed five (5) days.

The State of Emergency has been declared due to emergency conditions produced by:

the continuing Nationally declared state of emergency, the New York State declared state of emergency, the County of Genesee declared state of emergency, and the anticipated arrival of the Covid-19 New Coronavirus in the City of Batavia, New York.

Such conditions threaten or imperil the public health or safety of the citizens of this municipality.

As Chief Executive of this municipality, I have exercised the authority given to me under New York State Executive Law, Article 2-B, to preserve the public safety and hereby render all required and available assistance vital to the security, well-being and health of the citizens of the City.

I hereby direct all City Departments to take those steps necessary to protect life and property, public health and infrastructure and other such emergency assistance as deemed necessary. In addition, I direct the following specific actions.

1. The Liberty Center for Youth remains closed until further notice.
2. All City offices are closed to the public. The City will conduct business with the public **remotely** through the use of phones, computers, mail, or other means. **These offices are otherwise closed to the public, unless a situation requires interaction with a member of the public as determined by the respective City department on a case by case basis.** The drop box for the payment of bills is still available at the front of City Hall.
